MAINE DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

SPECIAL PERMIT APPLICATION TO ACCOMMODATE PERMANENT PHYSICAL DISABILITIES

The Commissioner may issue Special Permits under Maine law to enhance access for persons who have permanent physical disabilities. A Special Permit allows the person to hunt, trap, or fish in a manner or at a time otherwise prohibited by Maine law, to the extent necessary for safety and access to the sport.

For more information about DIFW programs for people who have disabilities, see http://www.maine.gov/ifw/licenses_permits/disabledpersons.htm and MRSA 12, SEC. 10853, SUB-SEC. 11.

INSTRUCTIONS FOR APPLICATION FORM

Question 1. What type of action are you requesting to overcome the impact(s) of your disability? Please indicate what is needed to overcome the essential functions that are impacted by your disability. Specifically, what do you want to be allowed to do that is not normally permitted so you can hunt, fish or trap? If you are applying for a permit to use a crossbow, proof of having completed a crossbow and archery safety course must be provided or proof that you have previously held adult archery and crossbow hunting licenses in this state or any other in any year after 1979.

Question 2. Describe the type/nature of your permanent disability. Please be specific about your impairment. A vague response is not enough information to make a decision about your request for accommodation. For example, “heart problem” or “back injuries” are too vague to allow us to assess your level of impairment and its impact on your ability to access hunting, fishing, or trapping opportunities. A more complete response would include a description of the type and severity of a heart problem and or back injury. Only list the specific impairment(s) that are directly related to the accommodation(s) you are requesting.
Question 3. How does your disability impact your ability to participate in hunting, fishing, or trapping opportunities? Please state exactly how your impairment(s) impact essential body functions associated with hunting, fishing, or trapping. For example, indicate how your impairment impacts entering or exiting a motor vehicle; standing, maintaining balance, walking, and use of your arms; handling a firearm, bow and arrow, or other equipment; properly identifying your target; tolerating cold weather; or other necessary aspects of hunting, fishing or trapping.

4. Doctor’s Statement. The applicant is required to submit a signed statement from a licensed physician clearly stating in layman’s terms the nature of the disability, the permanence of the disability, and the extent to which the disability affects that person’s ambulatory ability or endurance; use of one or both hands, arms, or legs; or sight or hearing.

5. Sign and date the application. Submit the signed application form to:

   Department of Inland Fisheries and Wildlife
   Deputy Commissioner
   284 State St., 41 SHS
   Augusta, ME 04333-0041
   Tel: 207-287-5202
   Fax: 207-287-6395
   TTY callers dial Relay 7-1-1

Please Note: The Department may not authorize any special exceptions that endangers public safety and may authorize only the minimum special exception necessary to overcome the applicant’s permanent disability and allow the applicant to safely hunt, trap or fish. Special exceptions may not authorize a person to exceed the allowable bag limits for any fish or wildlife species; to fish for or take fish or wildlife species for which a license is not otherwise issued; or to fish, trap or hunt in any area permanently closed to those activities by state law or rule.
