

IN-SEASON AGRICULTURAL WAGE SURVEY COMMERCIAL NURSERY

Note to Employer

Your business was selected for this year's survey based on the business description listed in the *Licensed Producers and Dealers of Nursery Stock* directory published by the Maine Department of Agriculture-Division of Plant & Industry and the NAICS code reported in the tax system.

The survey is intended for commercial nursery employers whose primary business is the production of **landscape trees and shrubbery** and who have paid employees.

If your business is **not** engaged in the commercial growing of landscape trees or shrubbery, then no employee wage, hours, or prevailing practice information is required. Please indicate the nature of your business on the bottom of the survey form, complete the contact information, and return it to us in the enclosed postage-paid envelope so that we may remove your business from the survey sample.

Thank you for your cooperation.
