**RE: Notice of Preliminary Denial of Renewal Application**

Dear Dr. Brooks:

This letter is formal notice that on October 11, 2005, the Maine Board of Licensure in Medicine preliminarily denied your application for the renewal of your medical license dated August 31, 2004 and received on August 31, 2004. The Board's preliminary denial is based upon evidence of your recurrent and existing health issues, substance abuse, and your lack of medical practice for a considerable amount of time. These issues constitute grounds for the denial of your application for the renewal of your medical license pursuant 32 M.R.S.A. § 3282-A(2)(B), (C), and (E).

You may appeal this decision by sending a written request for an adjudicatory hearing to the Board within thirty (30) days of your receipt of this notice of preliminary denial. If you file a timely request for an adjudicatory hearing, it will be scheduled at a later date. If you fail to file a written request with the Board for an adjudicatory hearing within thirty (30) days of your receipt of this notice of preliminary denial, the preliminary denial will become final. A final denial of licensure is a reportable action to all appropriate healthcare data banks.

All Adjudicatory hearings are public and are conducted pursuant to the Maine Administrative Procedures Act. At any hearing you will have the right to present evidence and witnesses, cross-examine Board witnesses, and make arguments in support of your application for the renewal of your license. You also have the right to be represented by legal counsel at your expense. As an applicant for licensure, you will have the burden of proving to the Board that you are qualified for a medical license.
