

Preventive Care Coverage for Cancer Screenings

For active employees and non-Medicare retirees

Mammograms: Screening and diagnostic mammograms are covered at 100% with no deductible at both the in-network and out-of-network benefit level.

Colorectal Cancer Screenings: The coverage for routine and medically necessary screenings is 100% no deductible.

Routine Digital Rectal Exam/Prostate-Specific Antigen Test: One exam per calendar year is covered at 100% no deductible. There is no coverage for these exams if you go outside of the Anthem network.

Lung Cancer Screening: Lung cancer screenings are provided for eligible members at no cost. To learn more about the eligibility requirements, visit the [U.S. Preventive Services Task Force website](#).
