AUGUSTA, MAINE
04333-0016

JOHN ELIAS BALDACCI
GOVERNOR

DAVID A. COLE
COMMISSIONER

March 31, 2008
Subject: **New Portland, Wire Bridge**
Project No. BH-1019(101) X
Pin No.010191.01
Amendment No. 1

Dear Sir/Ms:

The following questions have been received:

Question: Where is the State's wrapping machine located? Can it be inspected prior to bid? Who is the manufacturer of the wrapping machine?

Answer: The MaineDOT wire wrapping machine is located at the Farmington Camp and may be inspected by contacting Roland Cote at 207-624-3442. The manufacturer of the machine is TRC Squibb of Easton, PA. (610-258-0923 or FAX 610-258-9335).

Question: In that this bridge is not a "major bridge", we request that the project be re-classified as "highway" rather than "heavy" and that a revised wage determination be provided.

Answer: This type of bridge does not qualify for highway rates.

Consider this information prior to submitting your bid on **April 16, 2008**.

Sincerely,

Scott Bickford
Contracts & Specifications Engineer
