Subject: **Windham**  
Project No. STP-1335(500)X  
Pin No. 13355.00  
**Amendment No. 1**

Dear Sir/Ms:

Please make the following change to the Bid Documents:

In the Bid Book, REMOVE the existing: "Department of Environmental Protection, Permit by Rule Notification Form" page 138, dated 10/17/05 and REPLACE with the attached updated: "Department of Environmental Protection, Permit by Rule Notification Form" dated 6/22/07, one page total.

The following questions have been received.

**Question:** Is Stone Strong Retaining Wall System acceptable as an equal to Redi-Rock for this project?

**Response:** No, the specified retaining wall system for this project is a prefabricated Concrete Block Gravity Retaining Wall System. See Special Provision Section 635. The Specification is not for a Prefabricated Aggregate Filled Concrete Block Gravity Retaining Wall.

**Question:** Page 2 of 10 in Special Provision 635, Prefabricated Gravity Retaining Wall, Concrete Units, C. Construction states that Pigment shall be added during the casting process of the concrete unit to achieve a consistent shade of gray or other color as determined by the Resident. Will the blocks require color or a specific coloring method?

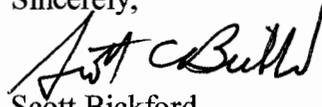

**Response:** No.
