Dear Sir/Ms:

The following question has been received:

Question: Would DOT entertain replacing Item 627.95, StreetPrint Duratherm Pavement Marking, with StreetPrint XD, a more durable product. Info can be found at www.integratedpaving.com/streetprint-xd. Same classification of product better suited to higher traffic counts.

Response: The Department will review submittals by the Contractor after the contract is awarded, for alternative products that meet or exceed the requirements for the product specified. Whether the submitted alternative product is approved or the original item is required, compensation shall be at the contract bid price for the originally specified pay item.

Consider this information prior to submitting your bid on August 12, 2009.

Sincerely,

Scott Bickford
