**Amendment No.4**

Dear Sir/Ms:

Make the following change to the Bid Document:

In the Bid Book (pages 4 through 6), **REMOVE** the "SCHEDULE OF ITEMS" 3 pages dated 090313 and **REPLACE** with the attached new "SCHEDULE OF ITEMS" 3 pages dated 090421.

The following questions have been received:

**Question:** The Construction Notes for the Farmington Pin it shows an incorrect total for the approximate total SY for the 202.202 item. When the length is timed by the approximate width, the total does not equal the approximate total SY for the station (31+00 to 45+11). Could the Department please clarify this item?

**Response:** Item 202.202 the total SY for station 31+00 to 45+11 in the construction notes is 39,508 SY. Please see the attached new schedule of items.

**Question:** The typical detail for New Sharon shows the surface pavement to be paved 2' behind the guardrail where it is going to be replaced. Is the Department's intention to pay this under the 403.210 item or the 403.209 item?

**Response:** Surface paving 2 feet behind guardrail is to be paid for under 403.210 item. The assumption is that the contractor will pave surface before placing the new guardrail

Consider this change and information prior to submitting your bid on April 22, 2009.

Sincerely,

Scott Bickford  
Contracts & Specifications Engineer
