DAVID A. COLE
COMMISSIONER

Dear Sir/Ms:

The following question has been received:

Question: Could more description be provided in terms of the work limits on and around the Route 196 ramps/ acceleration lanes and the ramp at Cooks Corner.

Response: The work on the Mason Street northbound on ramp to Route 1 extends approximately 430' up the ramp into the intersection with Cressey Road.

The work on the Route 196 northbound on ramp to Route 1 extends approximately 1030' up the ramp to the bridge abutment.

There is no work on the Route 1 northbound off ramp to Cooks Corner. The work limits will be in the gore area generally in line with the outside edge of the main line shoulder.

Consider this information prior to submitting your bid on **July 23, 2008**.

Sincerely,

Scott Bickford
Contracts & Specifications Engineer
