**Amendment No. 2**

Dear Sir/Ms:

The following question has been received:

**Question:** How will the backing up of the pavement edges in areas that have a drop-off of over 1 ¼" before or after HMA placement be paid for? Is it the intent of the Department to use equipment rental items for these areas? If so, how will material for these areas be paid for?

**Response:** It is the Department's intent to pay for backing of the pavement under the appropriate equipment rental items. If any additional material is necessary for the backing of the pavement, it will be paid for under the appropriate material item, as directed by the Resident.

Consider this information prior to submitting your bid on March 24, 2010.

Sincerely,

*FOR*
