

Bar Harbor Route 3 Improvements

At this time of year beautiful Bar Harbor is a busy place.

ALL AREA BUSINESSES **OPEN & ACCESSIBLE**

It's also the time for roadwork. Route 3 in Bar Harbor is undergoing significant improvements.

Work began late in 2016 and will continue uninterrupted through spring 2019.

MaineDOT wants everyone to know three things:

- All businesses along Route 3 are open and accessible.
- One-way loop detours are in effect, with signs to guide drivers.
- When done, Route 3 will be better than ever.

To stay informed, visit the Bar Harbor Route 3 project page and sign up for email alerts at mainedot.gov. And please drive safely in work zones and along detour routes.

Thank you!
