Notes regarding pre-qualifications:

1. The conditional use of this item must be pre-approved by the Resident in consultation with a representative of the Surface Water Quality Unit as component of the Soil Erosion and Water Pollution Control Plan (SEWPCP). After completion of the project, feedback regarding this item should be directed to the Product Evaluation Coordinator at 207-624-3268.
2. Use governed by Special Provision.

PLEASE NOTE: Products often times may have multiple uses. Products appearing on this particular list are expressly pre-qualified for this category of usage only. Do not use these products for any other application unless this product is noted on other lists.

Sales Representatives seeking approval of a new product should submit their product's Materials Technical Data Sheet, Instructions for Installation, Material Safety Data Sheet, and a completed copy of the [MaineDOT Preliminary Information for Product Evaluation Form \(PDF\)](#).

Re-certification of these products is required 5 years from date of initial acceptance, and every 5 years thereafter in order to remain on the QPL.

If you are experiencing difficulties reading or printing this page, or any page on the Qualified Products List website, please contact the Product Evaluation Coordinator at 207-624-3268.
