

9th Annual MLTI Student Conference

May 24, 2012

University of Maine Orono

Block 1 Student Workshop Sessions

9:10 AM - 10:30 AM

Collins Center for the Arts, Hutchins Concert Hall

Taking inspiration from the TED Talks, four Student-led presentations have been selected to present in Block 1 of the 2012 MLTI Student Conference.

Each of these sessions will inspire and empower MLTI Student Conference participants by making them familiar with what can be accomplished when the digital access provided through the MLTI is fully leveraged.

Taking Care of Business Presenter: Tim Walsh, Freshman at Kennebunk High School

Tim will share how he leveraged his access to his MLTI MacBook to become a design professional along with a team at Middle School of the Kennebunks. And Tim will make clear - his accomplishments to date are "only a beginning..."

"You kind of have to want to..."

Presenters: Emily & Katie Morse, Juniors at Machias High School

Emily and Katie are studying Japanese to meet their world language graduation requirement at Machias High, and they are doing it online through Brigham Young University in Salt Lake City, Utah via their MLTI MacBooks. They're proving MLTI students have the opportunity to learn what they want to learn - when and how they want to learn it.
