

Apple MLTI iPad Resource Connection

This is the first of a series designed to keep Apple MLTI educators informed of possibilities for enriching their use of Apple MLTI tools in their classrooms.

Growing collection in the "Teaching with iPad" Series

[This collection](#) of elementary, middle, and high school specific iTunes U courses contain ideas for using iPad in the classroom. Each course contains discussions of how various types of content can be utilized, specific lesson ideas, and a collection of resources for ongoing learning.

Apps in the Classroom Series - Lesson Ideas!

The [Apps in the Classroom](#) series was created by Apple to provide teachers with a few ideas on how to integrate specific apps into daily classroom instruction. Inspired by Apple Distinguished Educators, these books are collections of activities that help students and teachers make rich use of these great tools.

Free Books by Educators

With topics across all curriculum areas, [these books](#) are multitouch iBooks authored by educators and students for educators and their students. This collection of iBooks Author iBooks include such topics as "4th Grade Meteorology," "Mammals from A to Z," "Stop Motion Animation." Begin by browsing for useful content, then begin to think about what you (and your students) could create...
