

## Pipe Cleaner Daffodil

**Materials Included:** Pipe cleaners (3 yellow, 1 orange, 1 green)

**From home:** hot glue or similar

Step 1: Start by folding each of the yellow pipe cleaners in half to find the mid point .

Step 2: Then open them back up and arrange them into a star, twisting them at the middle so they stay in place.

Step 3: Take each end and roll it tightly like a snail. Keep winding it until you get to the center. Repeat until all the petals are rolled up and then arrange them evenly .

Step 4: Bend about 1" of the end of the green pipe cleaner into a "J" shape and loop it through the middle of the flower, and then twist it on the bottom to keep it in place.

Step 5: Take the orange pipe cleaner and wrap it tightly around your finger. When it comes off your finger, pinch it tightly.

Step 6: Using hot glue, stick the orange bud to the center of the yellow petals.
