

## Pipe Cleaner Tulip

**Materials Included:** Pipe cleaners (5 red, 1 green)

**From home:** Scissors, ruler

Step 1: Take 4 of the red pipe cleaners and cut them into thirds .

Step 2: Take each of the pieces and fold them in half, then line them up side by side so that all the end pieces are at the top and all the folds are at

the bottom.

Step 3: Place the green pipe cleaner somewhere in the middle, lining it up with the tops. Then bunch them all together as best you can so that the green pipe cleaner is in the center.

Step 4: Starting about 3/4" from the end, tightly wrap the last pipe cleaner around the bunch , wrapping it around so that it neatly covers the tips and holds them in place.

Step 5: Bend each of the pipe cleaner pieces upwards.

Step 6: Pinch the pieces together tightly to shape the tulip bud, and slightly bend each petal towards the inside.
