**SUBJ:** Revenues – December

\*\*\*\*\*

December General Fund revenues were over budget by \$5.1 million or 2.1%. Year-to-date FY14 General Fund revenues are \$1.2 million over budget (+0.1%). Compared to the first-half of last fiscal year, revenues are up 4.0% (+\$51.6 million). Please note that the Controller's December revenue report reflects the December 1<sup>st</sup> revenue forecast update by the Revenue Forecasting Committee (RFC).

Sales & use tax receipts were over budget for the month by \$2.1 million. December revenues (November sales) provide early data on the holiday shopping season. Year-over-year taxable sales growth for the month was 3.1%, which was well below recent growth of 6% or more, but slightly above budgeted growth. Auto/transportation and building supply establishment sales which have been the drivers of the recent increase in consumer sales slowed in November to 3.8% and 5.4%, respectively.

Individual income taxes were over budget in December by \$6.6 million, (+5.2%). Stronger than projected final and fiduciary payments combined with lower than budgeted refunds were the primary causes of the monthly surplus. Withholding receipts were on budget for the month. Prepayments in December of the final estimated payment due January 15<sup>th</sup> were over budget by \$470,000. December and January estimated payments need to be combined to fully understand the performance of the final estimated payment relative to budget.

## Sales & Use Taxes

Revenue was \$2.1 million over budget for the month and \$2.1 million (+0.4%) over budget fiscal year-to-date. Fiscal year-to-date revenue was \$46.1 million (+10.6%) over fiscal year 2013. The fiscal year growth is affected by the tax increase that was effective October 1<sup>st</sup>.

## Taxable Sales

Total taxable sales for the month of November (December revenue) were up 3.1% from November 2012. The annual rate of change was 3.6%. Building supply sales were up 5.4% for the month and 4.2% for the year ending in November. Sales of taxable items in food stores were up 2.2% for the month and 1.3% for the year. General merchandise sales (primarily sales of goods sold in large department and discount stores) were up 1.8% for the month and 0.7% for the year. Sales in other retail stores such as jewelry, drug, sporting goods, book, antique, pet, photo, toy, and craft stores were up 3.2% for the month and 2.5% for the year. Auto/transportation sector sales were up 3.8% for the month and 6.9% for the year. Sales of meals and other prepared foods were up 5.4% for the month and 3.2% for the year. Lodging sales were up 3.0% for the month and 6.1% for the year. Business operating sales (primarily use tax paid by businesses) were up 0.7% for the month and 4.3% for the year.

## Service Provider Tax

Revenue was \$185,598 under budget for the month and \$185,597 (-0.9%) under budget fiscal year-to-date.

## Individual Income Tax

Revenue was \$6.6 million over budget for the month and \$6.6 million (+1.0%) over budget fiscal year-to-date. Fiscal year-to-date withholding payments were 2.9% under fiscal year 2013. Estimated payments were up 10.4% and final payments were up 18.5% fiscal year-to-date. Fiscal year-to-date revenue was \$22 million (-3.2%) under fiscal year 2013.

## Corporate Income Tax

Revenue was \$2.7 million under budget for the month and \$2.7 million (-3.3%) under budget fiscal year-to-date. Estimated payments were up 3.2% and final payments were down 21.8% fiscal year-to-date. Fiscal year-to-date revenue was \$8.1 million (+11.4%) over fiscal year 2013.

## Cigarette & Tobacco Taxes

Cigarette and tobacco products tax revenue was \$1.8 million under budget for the month and \$938,600 (+1.3%) over budget fiscal year-to-date.

## Insurance Companies Taxes

The Insurance Companies Taxes were \$28,900 under budget for the month and \$211,434 under budget fiscal year-to-date.

### Estate Tax

The estate tax was \$819,257 under budget for the month and \$3.5 million under budget fiscal year-to-date.

### Transfers for Tax Relief Programs

Refunds for the Business Equipment Tax Reimbursement (BETR) and Business Equipment Tax Exemption (BETE) were under budget in December by \$0.5 million. Year-to-date the tax relief programs are over budget by \$1.8 million (3.7%).

### Municipal Revenue Sharing

Revenue sharing was on budget for the month and for the fiscal year.

### Lottery

Lottery Revenues were over budget for the month by \$0.6 million or 13.3%. Year-to-date lottery receipts are \$1.1 million under budget.

### Other Revenues

Other Revenues were over budget by \$0.095 million for the month, a variance of 9.9%.

### Highway Fund

Motor fuel tax receipts exceeded budget in December by \$0.317 million. The Highway Fund as a whole was also over budget for the month by \$0.225 million. Compared to the same six month period last fiscal year motor fuel excise tax receipts are up 1.4%.

### National Economy

A string of positive data releases on fourth quarter economic activity was broken when the December employment release reported only 74,000 net new jobs and a significant drop in labor force participation. The quick assessment by most economists is that the jobs report is inconsistent with most other economic indicators and that it's either an aberration or a figure that will be revised upward in the near future. The majority review remains that the US economy may finally have turned the corner on anemic and uneven economic growth, and 2014 is on track to be a period of sustained growth in the 3-4% range.

### Maine Economy

The November taxable sales report indicates that as expected consumer spending slowed during the early stages of the holiday shopping season, but not by as much as budgeted. Year-over-year taxable sales growth slowed to 3.1% in November, after consistently growing in the mid to high single digits since the spring. Auto/transportation sales which have been increasing at double-digit rates only grew by 3.8% in November. Building supply store sales increased by 5.4% compared to November 2013; solid growth, but much less than the 11.6% averaged over the

previous three month period. National data on December sales indicate a mild holiday shopping season. Auto sales in December were one of the slowest of the year.
