## **Bulletin 402**

### **Uniform Deadlines for Rate, Form, and QHP Filings for Non-Grandfathered Individual and Small Group Health Plans With Effective Dates of Coverage During 2016**

May 14, 2015 has been established as the uniform rate and form filing deadline for all non-grandfathered health plans and stand-alone dental plans subject to the Affordable Care Act in the individual and small group markets in this state, offered with effective dates during 2016. This will allow time for the Bureau of Insurance to transfer initial submissions on May 15, 2015 to CMS as required by the Final Notice of Benefit and Payment Parameters Regulation and Letter to Issuers. No new products or plans may be added by an issuer after the initial submission in May. If the plan is not available across the entire state, the available areas should be finalized and specified in the initial submission.

Revisions to rate submissions are acceptable up until July 24, 2015. No rate revisions may be made after that date unless the revision is required by the Bureau or is necessary due to updated information related to reinsurance, risk adjustment, or risk corridors. Updates due to recent claims experience will only be accepted before the July 24 deadline.

The initial filing deadline of May 14, 2015 applies to all carriers that will be issuing health plans in the individual and small group markets, whether or not they participate in the Marketplace. It applies to QHP (Marketplace-qualified), non-QHP, and SADP (Stand-Alone Dental) plans, and to the “binders” that contain additional information for QHP products.

Filings should include all supporting information. The Bureau anticipates a 5-business-day turnaround to requested additional information or filing modification. Rates will be treated as public documents when submitted. Forms will be public when they are approved by the Bureau. Rates and forms should be submitted separately. Carriers should refer to the SERFF Form and Rate General Instructions page for further instructions and additional requirements. For plans to be offered on the Marketplace, carriers should also refer to the Plan Management General Instructions page.
