## RE: FFG INSURANCE COMPANY DOCKET NO. INS-95-18 ORDER RELEASING CONDITIONS OF LICENSURE 1

By a Consent Order executed on July 28, 1995 between FFG Insurance Company ("the Company") and the Superintendent of Insurance, the Company agreed to post a security deposit of \$100,000 with the Maine State Treasurer, to review the deposit quarterly to ensure that it is not less than the total outstanding liabilities with Maine policyholders, and to limit Maine written premium in each of succeeding four years to an agreed amount in order to receive its Certificate of Authority. These conditions were required because the Company did not meet the seasoning requirements of Bureau of Insurance Rule Chapter 230.

The Company has demonstrated that the circumstances giving rise to the Consent Order no longer apply, and the special deposit and conditions of licensure are no longer necessary. Therefore, for good cause shown, the Consent Order is hereby *VACATED*. The Company's Certificate of Authority is hereby amended to remove the conditions, and the special deposit may be released.
