Financial Exploitation of Older Adults –

Red Flags in Clinical Practice:

*Evidence-Based Screening Tools to Assess for Vulnerability
and Resources for Appropriate Referrals – A Clinician’s Toolkit*

Wednesday, April 18, 2012

WCHP Lecture Hall, UNE Portland Campus

5–6:30 pm | Reception following

Robert E. Roush, EdD, MPH

Director, Texas Consortium Geriatric Education Center
Baylor College of Medicine

Judith M. Shaw, JD

Administrator, Maine Office of Securities

Dr. Roush and Administrator Shaw will introduce an innovative, research-based, nationally recognized program to screen older adults for Mild Cognitive Impairment (MCI) and other underlying medical conditions that can lead to financial exploitation and what preventative steps can be taken. The event is complimentary, but space is limited.
