IV. ONE-STOP-OPERATOR ROLE:

The role as of the Operator as determined by the local workforce investment board and chief elected officials includes:

- 1) **Coordination of Services:** The Operator will ensure coordination of partners in the delivery of core, intensive, and training services required by WIA and its related regulations. Provision of universal access to employment and program information will be included in the Operator's role. This will include delineating which services the parties deliver themselves and which services are delivered by other partner organizations.

Note: The Operator shall not decide how funds for specific programs will be spent. Each agency retains control over agency expenditures and agency program operations. The Operator shall not decide programmatic issues for specific programs where statutes and/or regulations dictate programmatic issues.

- 2) **Seamless System Integration:** The Operator is responsible for the integration and availability of core, intensive, and training services by the investors at Area 4 co-located sites. Services must be easily accessible, customer driven, personalized, and responsive to the communities' workforce development needs. Providers of services must understand the linkage between what is being measured and what is being delivered, and strategic objectives must be identified in order to support measurement systems. If misalignment of a service or process is found, appropriate meetings with staff/One-Stop partners will be held to realign processes and services and create solutions.
- 3) **Serve as Intermediary–Liaison:** The Operator shall promote the participation of private sector employers in the statewide workforce investment system and ensure the effective provision, through the system, of connecting, brokering, and coaching activities, through intermediaries such as the one-stop operator in the local area or through other organizations, to assist such employers in meeting hiring needs.

The Operator shall provide LWIB leadership with recommendations for improving and sustaining private sector employer engagement.

- 4) **Establishing Priorities:** In the event that funds allocated to a local area for adult employment and training activities under paragraph (2)(A) or (3) of section 133(b) are limited, priority shall be given to recipients of public assistance and other low-income individuals for intensive services and training services. The LWIB shall direct the One-Stop Operator in the local area with regard to making determinations related to such priority.
- 5) **Customer Satisfaction:** The Operator is responsible for the evaluation of customer needs and satisfaction. Customer satisfaction is a key element in any performance criteria. The Operator will strive to develop appropriate mechanisms for determining customer satisfaction.

- 6) **Outreach:** The Operator for Area 4 sites will outreach system resources and available training resources. In the event system resources prevent necessary outreach, such issues must be brought forth to CCWI for evaluation and potential resolution.

 5. Every Career Center is safe and secure.
- 10) **Convening the Coastal Operator Group (COG):** On at least a quarterly basis, the Operator shall convene a COG meeting which shall take place at CCWI. The purpose of this forum will be to convene the necessary partners to discuss the overall OSO functions and responsibilities in addition to reviewing regional updates on center operations. The Operator is responsible for scheduling, creation of an agenda, and sending out invitations and reminders. The Operator shall create a report for the LWIB which shall be provided to the Board at quarterly meeting time depicting regional activities i.e., representing all co-located facilities.

V. GEOGRAPHIC COVERAGE:

There is only one comprehensive One-Stop Center in Area 4 (e.g., Portland CareerCenter). However, this consortium shall be responsible for overseeing CareerCenter operations in other centers where colocation exists. Consortium partner representatives will work with their counterparts in the other centers to ensure the responsibilities of Operator are carried out throughout the entire Area 4 region.

VI. IMPASSE RESOLUTION

If an impasse should arise between CCWI and/or LWIB and Operator/Consortium regarding any of the herein contained provisions:
