

# Instructions For Maine Corporate Income Tax Return

(Including Banking Corporation and  
Loan Association Franchise Tax Return)

**1 9 7 3**

FORM 1120 - ME.

**Bureau of Taxation  
Income Tax Division  
State Office Building  
Augusta, Maine 04330**

**PART II — SPECIFIC INSTRUCTIONS FOR FORM 1120-ME., PAGE 1**

**Line 1. FEDERAL TAXABLE INCOME:** Enter Federal taxable income from line 30, Federal Form 1120.

**Line 2a. INTEREST ON U.S. OBLIGATIONS:** Enter here interest on U.S. Bonds, U.S. Treasury Notes, or other obligations of the U.S., which by law are exempt from State taxes, but taxable by the Federal Government. (Line 2a should not be completed by banking institutions subject to Maine Franchise Tax.)

**Line 2b. FOREIGN DIVIDEND GROSS-UP:** See internal Revenue Code, Section 78.  
(Line 2b should not be completed by banking institutions subject to Maine Franchise Tax.)

**Line 5. INCOME TAXES IMPOSED BY MAINE OR ANY OTHER STATE:** The Maine Income Tax Law does not permit a deduction for income taxes imposed by Maine or any other state. Therefore, income taxes taken as a deduction on Federal Form 1120 must be added back to arrive at Maine taxable income. (Line 5 should not be completed by banking institutions subject to Maine Franchise Tax.)

**Line 7. MAINE TAXABLE INCOME:** Corporations having income solely from business activity within this State should

enter here the same amount as on Line 6. Corporations having income from within and without the State should allocate and apportion income on Schedule A and enter on this line the amount shown on Line 15, Schedule A.

**Line 8. MAINE CORPORATE INCOME TAX:** Tax is levied at the flat rate of 4% of Maine taxable income attributable to the period up to June 30, 1973. Between July 1, 1973 and December 31, 1973 the applicable rate is 4% of the first \$25,000 of Maine taxable income and 6% of Maine taxable income in excess of \$25,000.

On or after January 1, 1974 the applicable rate is increased to 5% of the first \$25,000 of Maine taxable income and to 7% of Maine Taxable income in excess of \$25,000.

The effective tax rate schedule below may be used for tax years ending July 1, 1973 through December 31, 1974.

**Line 9. CREDITS:** This line is for the use of taxpayers who have made a deposit when requesting an extension of time for filing, as well as those taxpayers filing amended returns and claiming credit for tax paid with the original return.

Please check appropriate block provided on Line 9 to indicate nature of amount previously paid.

If you have a taxable year ending:	AND your Maine taxable income is:	
	LESS than \$25,000, Your tax rate is:	In excess of \$25,000 — your tax rate is:
July 1973	4.00%	\$1,000 plus 4.167% of the excess over \$25,000
August	4.00%	\$1,000 plus 4.333% of the excess over \$25,000
September	4.00%	\$1,000 plus 4.500% of the excess over \$25,000
October	4.00%	\$1,000 plus 4.667% of the excess over \$25,000
November	4.00%	\$1,000 plus 4.833% of the excess over \$25,000
December	4.00%	\$1,000 plus 5.000% of the excess over \$25,000
January 1974	4.08%	\$1,020 plus 5.250% of the excess over \$25,000
February	4.17%	\$1,043 plus 5.500% of the excess over \$25,000
March	4.25%	\$1,063 plus 5.750% of the excess over \$25,000
April	4.33%	\$1,083 plus 6.000% of the excess over \$25,000
May	4.42%	\$1,105 plus 6.250% of the excess over \$25,000
June	4.50%	\$1,125 plus 6.500% of the excess over \$25,000
July	4.58%	\$1,145 plus 6.583% of the excess over \$25,000
August	4.67%	\$1,168 plus 6.667% of the excess over \$25,000
September	4.75%	\$1,188 plus 6.750% of the excess over \$25,000
October	4.83%	\$1,208 plus 6.833% of the excess over \$25,000
November	4.92%	\$1,230 plus 6.917% of the excess over \$25,000
December	5.00%	\$1,250 plus 7.000% of the excess over \$25,000

PART III — FORM 1120-ME.—SCHEDULE A, PAGE 2

**GENERAL INSTRUCTIONS:** Schedule A is provided for corporations engaged in inter-state business. A corporation whose income was derived solely from a trade, business or activity conducted entirely within Maine during the taxable year should not complete Schedule A. If the allocation and apportionment provisions do not fairly represent the extent of the taxpayer's business activity in this State, the taxpayer may petition for, or the tax assessor may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

- (a) Separate accounting
- (b) The exclusion of any one or more of the factors
- (c) The inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this State.

(d) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

Maine employs a three-factor formula to determine the percentage of corporate business income which is apportioned to, and taxed by Maine. This percentage is derived by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is 3, or the number of factors used in column 2, whichever is less.

"Tax period," referred to in instructions for Lines 2, 4 and 7, means the period represented by adjusted Federal taxable income on Line 6, page 1.

**Line 2. SALES FACTOR:** The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this State during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

**Sales of tangible personal property** are in this State, (1) if the property is delivered or shipped to a purchaser, other than the United States Government, within this State, regardless of the f.o.b. point or other conditions of the sale; or (2) the property is shipped from an office, store, warehouse, factory or other place of storage in this State and the purchaser is the United States Government or the taxpayer is not taxable in the State of the purchaser.

**Sales, other than sales of tangible personal property,** are in this State, if (1) the income producing activity is performed in this State; or (2) the income producing activity is performed both in and outside this State and a greater proportion of the income producing activity is performed in this State than in any other state, based on costs of performance.

**Line 4. PAYROLL FACTOR:** The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid everywhere during the tax period. "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services. Compensation is paid in this State, (1) if the individual's service is performed entirely within this State; or (2) the individual's service is performed both within and without the State, but the service performed without the State is incidental to the individual's service within the State; or (3) some of the service is performed in the State and the base of operations or, if there is no base of operations, the place from which the service is

directed or controlled is in the State, or the base of operations of the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.

**Line 7. PROPERTY FACTOR:** The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this State during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

Property owned by the taxpayer is valued at original cost. Property rented by the taxpayer is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the tax assessor may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

**Line 9.** Apportionment factor or percentage, carried out to 4 decimal places, to be applied to business income on Line 12. If number of factors used in column 2 is less than 3, divide Line 8 by number used.

**Line 10.** Enter adjusted Federal taxable income from page 1, Line 6 of the 1120-ME.

**Line 11.** Enter in Lines 11(a) through 11(f) all nonbusiness income allocable to Maine or any other state during the tax period. Do not include interest on United States obligations or Foreign dividend gross-up accounted for on page 1, lines 2(a) and 2(b). Other Nonbusiness Income—Any other income, which does not arise from activities in the regular course of trade or business, or which does not arise from property which constitutes an integral part of the taxpayer's trade or business, shall be allocated to Maine to the extent it can reasonably be determined to be derived from sources within Maine.

**Line 12.** Amount on Line 12 represents business income only, as determined by subtracting nonbusiness income (Line 11h) from adjusted Federal taxable income. This is the amount on which the percentage on Line 9 should be applied.

**Line 13.** Enter here the result of multiplying Line 12 by the percentage on Line 9. This is your business income apportioned to Maine.

**Line 14.** This section 14(a) through 14(f) pertains to non-business income directly allocated to the State of Maine during the tax period.

**Line 15.** This figure represents taxable income apportioned and allocated to Maine and should be also entered on Line 7, page 1 of Form 1120-ME.

For specific instructions on allocation of any of the items (a) through (f) of Lines 11 and 14, please refer to Chapter 821, Section 5211 of the Maine Income Tax Law. A copy of the Law or further information may be obtained from:
