If you need help working with this ballot using a screen reader, please email Maria Delgado at [Maria.Delgado@ivsllc.com](mailto:Maria.Delgado@ivsllc.com).

Please keep in mind that this document uses Heading level 1 for the header at the top of each page and Heading level 2 for the name of each race. The rest of each race is a series of checkboxes for the available choices. For a write-in candidate, there is an edit box in front of the checkbox for you to type the write-in name. If you want to vote for a write-in candidate, please make sure to type the name in the edit box and check the corresponding checkbox.

If you are using JAWS or NVDA, the easiest way to work through the ballot is to use TAB to navigate to different choices in order. You will hear all the information you need when coming to a new race. If you are at the YES or NO choice of a ballot question and want to listen to the full text of the question, please hit Shift+H to listen to the question text in the heading above. JAWS users need to make sure that the Auto Forms Mode is set to Manual.

If you are using VoiceOver, it's best to use Control+Option+Left Arrow and Control+Option+Right Arrow to move around within a page, Fn+Up or Fn+Down to change to another page, and Control+Option+Space to toggle a checkbox or to begin typing a write-in name.

At the end of the ballot is the Voter Affirmation Page. The information on this page is presented in a series of Heading Level 2. After the last heading, you will come to an edit box to sign your ballot by entering your password. After entering your password, move to the next item, which is the button LOCK & SIGN. If you press the button with your password correctly entered, your ballot is now signed; the password edit field will display your name and the entire document will be locked to prevent further changes. Save the document to your computer and email it to [UOCAVA.CEC@maine.gov](mailto:UOCAVA.CEC@maine.gov).

**Please note your ballot must be signed to be valid.**
