

MaineCare Member Handbook

November 2023

Welcome MaineCare Member!

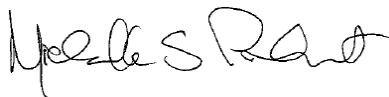

Let me be the first to welcome you to MaineCare, Maine's health insurance program for lower income adults, children, pregnant women, older adults, and people with disabilities. MaineCare is Maine's version of Medicaid. MaineCare helps you get the healthcare you need to take care of yourself or your family so that you can go to work, school, or be an active part of your community.

There are different types of MaineCare coverage for different people. Sometimes the range of benefits and resources can be confusing. The MaineCare Member Handbook is here to help you better understand your coverage, so you can make the right health care decisions for you and your family.

This handbook has information about the various types of MaineCare coverage, and about what services are available to you with the type of MaineCare you have. It also includes details on where to go if you have additional questions, and other helpful resources. In short, the MaineCare Member Handbook contains a lot of information. Not every section will apply to you, but if you have MaineCare, there is information in here that may help you.

If you need further assistance, you can always call MaineCare Member Services at 1-800-977-6740. If you are deaf or hard of hearing and have a TTY machine, call 711. We are here to help you get the answers you need.

Thank you, and again, welcome to MaineCare.

Michelle Probert
MaineCare Director

This handbook explains the MaineCare program. It is not a legal policy or contract. This handbook is updated often and printed versions may include old information. The most current version of the handbook can be found on the MaineCare Member Resources webpage at:

<https://www.maine.gov/dhhs/oms/member-resources>.

To request this document in another format, please call MaineCare Member Services at 1-800-977-6740. TTY users dial 711.

Chapter 1: Basic Information about MaineCare

MaineCare provides health care coverage for Maine's children and adults who are elderly, disabled, or with low incomes. MaineCare, Maine's Medicaid program, is jointly funded by the federal government's Centers for Medicare & Medicaid Services (CMS) and the State of Maine.

MaineCare Members

- A MaineCare member is an individual who receives health care coverage through MaineCare because they meet the income guidelines and are eligible based on age, family situations, and health care needs.
- MaineCare is for individuals who have low income or are medically needy.
- Some programs, such as nursing home care and in-home services, require both financial and medical eligibility.

Applying for MaineCare

The Office for Family Independence (OFI) determines MaineCare eligibility. OFI is an office of the Department of Health and Human Services (DHHS), just like the Office of MaineCare Services.

See the MaineCare Eligibility Guidelines document for the income limits for MaineCare on the Health Care Assistance webpage at: <https://www.maine.gov/dhhs/ofi/programs-services/health-care-assistance>. You and your family may be eligible for MaineCare if your monthly income, before you pay taxes, is up to your household size listed. If you are close to the income limits, you should go to My Maine Connection or contact the Office for Family Independence (OFI) to apply because some of your income may not count toward this limit.

To apply for MaineCare, you can do one of the following:

- Go to My Maine Connection to see if you are eligible or to apply online for MaineCare. The web address is: <https://www.mymaineconnection.gov/>.
- Print an application by going to this web address: <https://www.maine.gov/dhhs/ofi/applications-forms>. You can then mail it to: 114 Corn Shop Lane, Farmington, ME 04938.
- Call 1-855-797-4357; TTY users, dial 711.
- Visit a local DHHS - Office for Family Independence (OFI). Go to the following web address to see the list of district office addresses: <https://www.maine.gov/dhhs/about/contact/offices>. DHHS offices are located throughout the state. To see what office your town is assigned to, go to the Office Finder webpage at: http://gateway.maine.gov/dhhs-apps/office_finder/index.asp.

Call the OFI eligibility office if you:

- Need a MaineCare card
- Have questions about your eligibility
- Move or change phone numbers
- Become pregnant or have a baby
- Have a change in household members
- Get or lose other health insurance
- Get or lose a job
- Want an administrative hearing when your MaineCare coverage ends

You can call the eligibility office at 1-855-797-4357. See Chapter 10 of this handbook for a list of addresses and phone numbers of the local DHHS offices.

Medical and Financial Reviews and Changes

The eligibility office sends you a renewal form to complete annually. To make sure you don't miss it, be on the lookout for the envelope with a blue block. This will have the renewal information and instructions. When you get your renewal form, be sure to complete and return it **on time**. If you don't, you could lose MaineCare coverage.

It's important to update your contact information with OFI any time it changes to ensure you don't lose coverage because they can't reach you. Stay connected to stay covered by updating your contact information today at MyMaineConnection.gov, or by calling the eligibility office at 1-855-797-4357 to update your information through an automated system.

If you have changes that may affect your MaineCare, call the eligibility office at 1-855-797-4357. You should report changes within **10 days**.

Report changes such as:

- Address
- Income
- Assets
- Other health insurance, including Medicare
- Someone moving in or out of your home
- Marital status

You can call the eligibility office at 1-855-797-4357. See Chapter 10 of this handbook for a list of addresses and phone numbers of the local DHHS offices.

MaineCare Card

All members get a plastic MaineCare card. Please bring this card with you to your health appointments. Your card can only be used for you. It is against the law to let anyone else use it for anything but your care.

Keep your MaineCare card even if your coverage ends. You may get MaineCare again. If that happens, you can use the same card. If you lose your card or need a new one, contact your local DHHS eligibility office. See Chapter 10 of this handbook for your local DHHS contact information.

Covered Services

MaineCare pays for medically necessary services based on your coverage group, which is determined by your income, age, medical needs, and if you need help with Activities of Daily Living (ADLs). MaineCare may not cover all services listed below. Not all coverage groups have coverage for the same slate of services. Make sure MaineCare covers the service you need before you get care. There are limits or special rules for most covered services.

What services are covered?

Some examples of services that may be covered include:

- Doctor visits
- Prescription medications
- Behavioral health services
- Gender affirming care services, such as hormone therapy or surgery
- X-rays and labs
- Emergency and hospital visits

What services are not covered?

Some examples of services that are not covered include:

- Acupuncture
- Cosmetic surgery
- Experimental procedures or drugs

-
- Health club memberships, such as the YMCA
 - Massage therapy

How do I find out if a service is covered?

Talk with your health care provider or call MaineCare Member Services at 1-800-977-6740. TTY users, dial 711 (Maine Relay). To see if your medication is covered, call the Pharmacy Help Desk at 1-866-796-2463, TTY users, dial 711 for Maine Relay.

Do I need anything before I can get a health care service?

Some services need something before your provider can provide the service.

Some covered services need a:

- Referral from your primary care provider
- Prior Authorization, often called a “PA”
- Prescription
- Copay
- Medical assessment

For more information, see the chapter about Benefit Packages in this handbook.

Cost to You**Do I have to pay for MaineCare coverage?**

Your healthcare provider cannot charge you for services they provide to you that are covered by MaineCare. You may have to pay a copayment, premium, or cost of care for MaineCare services depending on your coverage group.

Copayments

You may have to pay for part of the cost of some services that are covered by MaineCare. What you pay is called a copayment, or copay.

Members do not have a copay for the following:

- Services provided in Indian Health Service Centers
- Family Planning services and supplies
- Emergency Services
- Hospice services
- All Oxygen and Oxygen Equipment services
- Tobacco Cessation services and products

Members do not have a copay when they are:

-
- Under 21 years of age
 - Pregnant, including 12 months after the pregnancy ends
 - In state custody
 - Under state guardianship
 - Tribal members or are eligible to receive services funded by Contract Health Services or Indian Health Service Tribal Union when their tribal membership has been verified through the Office for Family Independence (OFI)
 - Members paying for part of their care as set by DHHS and residing in one of the below facilities:
 - Hospital
 - Skilled nursing facility
 - Nursing facility
 - In a medical institution, Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF-IID), or a Private Non-Medical Institution (PNMI) where DHHS sets the cost of care

To see what you might have to pay for a copay for services and prescription drugs, see the [MaineCare Member Copayments \(PDF\)](https://www.maine.gov/dhhs/oms/member-resources/coverage-benefits) on the Coverage & Benefits webpage at: <https://www.maine.gov/dhhs/oms/member-resources/coverage-benefits>.

Some services must be provided to you even if you can't pay a copay. For example, a drug store must give you your drugs even if you do not pay your copay. If you do not pay your copay, the provider may bill you, and send your bill to a collection agency or take you to court if you don't pay.

Call MaineCare Member Services for more information about copays at 1-800-977-6740.

Premiums

A premium is a fee that some members pay to have MaineCare coverage. For some MaineCare services, if you are over the income level for MaineCare you may have the option to pay a premium for MaineCare coverage. An example includes the Katie Beckett program. You will know if you must pay a premium because you will get a letter when you enroll in MaineCare.

If you must pay a premium, MaineCare will send you a bill in the mail. You must pay the bill when it is due. You can pay each month or the entire year up front. If you do not pay the premium you may lose your MaineCare coverage. If you have any questions about your premium contact your local DHHS office. See Chapter 10 of this handbook for your local DHHS office address and telephone number.

Cost of Care

If you live in a medical facility, you may have to pay for a portion of your care. This is called the Cost of Care and it is the amount you pay toward your care at the medical facility. Members who

pay a Cost of Care usually live in a nursing facility, residential care facility, cost-reimbursed boarding home, or an adult family care home.

Whether you pay a cost of care depends on your income. If you have a cost of care, you will get a letter showing your monthly payment. Unless your income is set aside for your at-home spouse, you must use most of your income to pay for your care.

Some members who are eligible to live in a nursing facility may get services in their own home instead.

Members who receive the following services usually must pay a cost of care:

- Home and Community Benefits for Members with Intellectual Disabilities or Autism Spectrum Disorder (Adults over age 18)
- Home and Community Benefits for the Elderly and Adults with Disabilities
- Home and Community-Based Benefits Services for Adults with Brain Injury
- Home and Community-Based Services for Adults with Other Related Conditions
- Support Services for Adults with Intellectual Disabilities or Autistic Disorder

Other Payments

You may have to make other payments. For example, you must pay when you:

- Get services from someone who is not a MaineCare provider. Make sure your provider is enrolled with MaineCare before you receive services.
- Get a service that is not covered by MaineCare and you agree with your provider in advance that you will pay for the service.
- Did not follow the rules of your other health insurance when you are covered by more than one insurance, and your other health insurance denies your claim.

Interpreter Services

If you do not speak English, have limited-English speaking ability, or are deaf or hard of hearing, you can have an interpreter help you. If you want an interpreter at your appointment, you must ask your provider in advance.

If you prefer, you can have a family member or a friend over age 18 interpret for you. You must give this person permission to go with you to an appointment and set it up with your provider before your appointment. MaineCare cannot pay a family member or friend to interpret for you.

Interpreter services are also available when calling MaineCare Member Services.

I have a question about MaineCare, and English is not my first language. How can I talk with someone?

If you are a MaineCare member and need an interpreter, MaineCare will pay for one. You can call MaineCare Member Services at 1-800-977-6740, and they will contact an interpreter.

How do I ask for an interpreter?

To ask for an interpreter, follow these steps:

1. Call MaineCare Member Services at 1-800-977-6740.
2. When you hear a voice on the phone, select 2.
3. When someone answers the phone, say your language slowly and clearly. The person will call an interpreter and have them join the call. This may take a few minutes.
4. Once the interpreter is on the phone, the person will introduce themselves and ask you some questions to make sure it's you that they are speaking with before they share any information.
5. After you have answered the interpreter's questions, you may ask your MaineCare questions.

Can a friend or family member be my interpreter?

Yes. When you call MaineCare Member Services, your friend or family member should say they are your interpreter. Member Services will ask you some questions to make sure it's you and that it's okay to talk to your friend or family member about your information.

What if I need written information translated into my language?

Please call MaineCare Member Services at 1-800-977-6740 and ask for an interpreter. Once you have an interpreter on the phone and you answer some questions, you can request to have something translated into your language. It may take a few days for your document to be translated.

Will I have to pay to have a document translated into my language?

No, you do not have to pay to have MaineCare documents translated.

Chapter 2: Getting Services

COVID-19

At the beginning of the COVID-19 pandemic, the federal DHHS declared a Public Health Emergency (PHE) and relaxed certain rules to make sure you could still get the health care you needed. This included allowing all members receiving MaineCare (Maine's Medicaid program) to keep their coverage even if they had changes to things like their income that would normally make them lose MaineCare.

The federal DHHS announced that all Medicaid programs across the country, including MaineCare, need to make sure that every member enrolled is still eligible, starting in April 2023. The federal DHHS has called this “unwinding,” or the end of continuous coverage requirement.

The federal DHHS also announced that the PHE will end on May 11, 2023. This means that, starting May 12, 2023, there were some additional changes to how you access health care services as things went back to how they used to be. For information about pharmacy, Non-Emergency Transportation services, and other COVID-19 related benefits, see Information for MaineCare Members section of our COVID-19 webpage at:

<https://www.maine.gov/dhhs/oms/about-us/projects-initiatives/covid-19>.

Does MaineCare cover COVID-19 testing and treatment?

Yes, MaineCare covers COVID-19 treatment and COVID-19 at-home tests or tests at the pharmacy with no cost to members. For more detail, see the COVID-19 At-Home Tests and Kits (PDF) - April 28, 2023 at: www.maine.gov/dhhs/sites/maine.gov.dhhs/files/inline-files/COVID-19-At-Home-Test-Members-04282023_0.pdf.

Are COVID-19 vaccines covered by MaineCare?

Yes, COVID-19 vaccines and boosters are covered by MaineCare with no cost to members. For more information about COVID-19 vaccines and boosters, see the Getting Vaccinated for COVID-19 (PDF) - Updated May 5, 2023, at:

www.maine.gov/dhhs/sites/maine.gov.dhhs/files/inline-files/Getting-Vaccinated-for-COVID19-Member-FAQ-05052023.pdf.

For more information about MaineCare's coverage of COVID-19 services, see the COVID-19 & PHE Ending webpage at: www.maine.gov/dhhs/oms/about-us/projects-initiatives/covid-19.

Contact 211 Maine for answers to frequently asked questions about COVID-19. This resource is TTY and Video Relay accessible if calling from Maine.

- Dial 211 or 1-866-811-5695
- Text your ZIP code to 898-211
- Email: info@211maine.org

Where can I find more information about COVID-19 vaccines, including where to get one?

For up-to-date vaccine site information and a list of vaccination sites, go to:

<http://www.maine.gov/covid19/vaccines>.

If you wish to order COVID-19 tests to your home, visit [COVID.gov/tests](https://www.covid.gov/tests). Every U.S. household is eligible to order 4 free at-home COVID-19 tests. Project Access COVID Tests (ACT) is offering free, rapid, at-home tests to Maine residents of eligible communities while supplies last. Visit www.AccessCovidTests.org to see if tests are available in your area.

Hospital Emergency Department (ED)

If you think you are having a life-threatening health emergency, go to the hospital ED right away. If you go to the ED and it is not an emergency, you may have to wait a long time for care. If you are not sure if it is an emergency, call your Primary Care Provider (PCP). Use the ED only for an emergency, not for routine or urgent care.

Some examples of emergencies are:

- Chest pain
- Bad burns
- Broken bones
- Being unable to speak or move
- Severe bleeding
- Deep cuts
- Head injuries
- Thoughts of harming yourself or others
- Trouble breathing
- Mental confusion
- Poisoning or drug overdose
- Severe injury to a joint
- Rape or other attack
- Sudden or severe pain
- Coughing blood

Urgent Care

Urgent care, also called walk-in care, is not for emergencies and can be used if your injury or ailment is not life-threatening. Use urgent care when you need care right away, but your primary care office is closed, or they do not have an appointment available.

Preventive Services

MaineCare pays for many preventive services. These services keep you well and can find health problems before they become serious.

Examples of preventive services for members of all ages:

- Healthy visits, also called well-child exams
- Annual physical exams for adults
- Dental cleanings and fluoride
- Tobacco and substance use counseling
- Lead testing
- Immunizations, also called vaccines or shots, for children and adults
- Pap smears
- Mammograms
- Prostate screenings

Preventive services for members under age 21:

MaineCare supports parents taking their child to a well-child exam. A well-child exam is a visit to the doctor that is not for a sickness. Instead, it is for checking the child's health and growth, getting shots, and taking tests to make sure the child is well. Call MaineCare Member Services if you need help to set up appointments, find a ride, or find a MaineCare provider. A child can get some services and medical equipment that are considered optional treatment services. Optional treatment services are not usually covered by MaineCare unless the service is medically necessary. An example of a covered optional service is a helmet for a child who has seizures.

See the Children's Services chapter of this handbook for more detail about services for members under age 21.

Prior Authorization (PA)

What is a Prior Authorization?

Before you can get some services or equipment, MaineCare must approve it. This approval is called Prior Authorization (PA). Your provider sends a form to MaineCare, and we will send you and your provider a letter to let you know if the service or medical equipment is approved. If you get the service or the medical equipment without MaineCare's approval, you may have to pay the bill.

Examples of services and medical equipment that need PA:

- Some prescription drugs
- Some mental health services
- Some surgeries

-
- Most medical supplies and medical equipment that cost over \$699.99
 - Hearing aids
 - Most out-of-state services
 - Some eye care services
 - Some dental services
 - Some gender-affirming care services
 - All services to straighten teeth
 - Some physical therapy, occupational therapy, and speech therapy
 - Inpatient treatment at an in-state psychiatric hospital
 - Out-of-state and some in-state transportation services
 - Some home care services
 - Some ambulance services

For questions about a PA for a prescription drug, call MaineCare's Pharmacy Help Desk at 1-866-796-2463. Call MaineCare Member Services at 1-800-977-6740 for questions about all other services.

How will I know if I need a PA for my prescription drugs?

When your provider prescribes a drug, ask if you need a PA. MaineCare has a Preferred Drug List and it shows which drugs need PA. For those that need PA, MaineCare must give approval. Your provider asks for PA by sending a form to MaineCare. After getting the form, MaineCare has 24 hours to let you, the pharmacy, and your doctor know if the drug is approved. The Preferred Drug List is not in this handbook because it is long, and it changes often. You can find the list on the Limited Benefits webpage at: <https://www.maine.gov/dhhs/oms/mainecare-options/limited-benefits>. You can also call MaineCare Pharmacy Help Desk at 1-866-796-2463.

What if I cannot get my drugs because I need PA?

Call your provider. Your provider will need to complete a form for PA or prescribe a different drug. If MaineCare does not approve the drug, you can ask for a Fair Hearing. If MaineCare denies a drug that was paid for in the past 48 days and you ask for a hearing within 10 days of the denial, you should be able to get your prescription filled while waiting for your Fair Hearing.

Call the Pharmacy Help Desk at 1-866-796-2463 if you have questions about a PA or your drugs. If you are deaf or hard of hearing and have a TTY machine, call 711.

Out-of-State Services

Out-of-State MaineCare Providers

New Hampshire providers who are within 15 miles of the Maine border can enroll in MaineCare. Check with MaineCare Member Services if you have questions about seeing an out-of-state provider.

Emergency Services Out-Of-State

You may have to pay the bill if you get care from a provider outside of the state of Maine. This is because not all providers choose to enroll as a MaineCare provider. If the provider is not enrolled with MaineCare, and you have paid a bill, you may not get your money back. If you are not sure if what you are experiencing is an emergency, call your Primary Care Provider (PCP) first, and he or she may be able to help you get care. Call MaineCare Member Services if you get a bill.

Non-Emergency Services Out-Of-State

If you need a service that is not an emergency and you are outside the state, you must get the service in Maine from a MaineCare provider or from a MaineCare-enrolled provider who is within 15 miles of the Maine border in New Hampshire.

If your provider thinks you need a service that is not offered in Maine, MaineCare may approve care outside of Maine. Your provider must ask MaineCare to approve any services you get in another state before you can get that service.

Pharmacy Services Out-Of-State

Pharmacy Services are not covered out-of-state. If you are planning on being out-of-state and will need to obtain medication while you are there, please have your provider submit an early fill prior authorization request.

Restriction Policy or Lock-In

In situations where a member repeatedly accesses services or medications that have not been determined medically necessary by his or her medical provider, MaineCare may limit the member to specific health care providers, drug stores, and hospitals.

Chapter 3: Programs Explained

Accountable Communities (AC) Program

What is an Accountable Community (AC)?

An AC is a group of doctors and other health care providers who work together to give better health care to their patients and lower the costs of healthcare services.

What does this mean to me?

You can still choose the healthcare providers you want to see. MaineCare wants you to have the best healthcare you can. To be sure this happens, we may share your Protected Health Information (PHI) with the AC and other healthcare providers you see. The PHI we may share includes information about your doctor and hospital visits, prescriptions, medical and mental health conditions, and lab work.

You can read an example of a letter to members for more detail on the Primary Care and Your Health webpage at: <https://www.maine.gov/dhhs/oms/member-resources/primary-care-and-your-health>. You can decide to opt-out of this program at any time by contacting MaineCare Member Services at 1-800-977-6740.

Adult Dental Coverage

Beginning on July 1, 2022, MaineCare expanded dental coverage to adults. All individuals over age 21 years old will have access to comprehensive dental coverage.

What services may be covered?

- Diagnostic services, such as oral evaluations and x-rays
- Preventive services, such as cleanings, fluoride, and tobacco and substance use counseling
- Restorative services, such as fillings and crowns
- Endodontic services, such as root canals
- Periodontic services, such as various gum surgeries and cleanings that occur below the gums
- Complete, partial, and immediate dentures and denture repairs
- Oral surgeries, such as tooth extractions and removal of tumors and lesions
- Adjunctive services, such as sedation and night guards

Private Health Insurance Premium (PHIP)

The PHIP program can help you pay your share of the cost for your private health insurance. PHIP has new guidelines, so you may qualify! If you have private insurance or if it is available through work, please call Member Services at (800) 977-6740 to learn more about this program.

You can also get an application and/or more information online at:

<https://www.maine.gov/dhhs/oms/mainecare-options/limited-benefits>

What is PHIP?

PHIP stands for **Private Health Insurance Premium** benefit. This benefit can pay your share of the cost of your private health insurance.

How can PHIP help me?

- If you qualify, MaineCare will pay your share of the cost for your private health insurance. Your share of the cost is called a premium.
- You will still have MaineCare coverage. You may also have additional services covered under your private health insurance.
- Your MaineCare coverage will pay for deductibles and copays required by your private insurance.

Do I qualify for PHIP?

You may qualify for PHIP if:

- You or someone in your household is eligible for MaineCare.
- You are eligible for private health insurance coverage.
- You might be covered by the plan as an employee, child, or spouse.

How do I apply?

- To print an application, go to:
<https://www.maine.gov/dhhs/sites/maine.gov.dhhs/files/documents/PHIPweb-Application.pdf>.
- Call the PHIP team at 1-800-977-6740 to ask them to mail you an application.

Will I have out-of-pocket costs?

The only times there will be out of pocket costs for PHIP members are when:

- You have a MaineCare copay. MaineCare will pay the copay for the private health insurance.
- If you or a member of your family receives a service that is not covered by MaineCare, you may have an out-of-pocket expense.
- Your doctor should tell you if it is a service MaineCare doesn't cover before providing the service.

What do I need to do?

- You must sign up for private health insurance. The PHIP team can't do that for you.
- If you qualify for PHIP, give your health care provider your MaineCare card and your private health insurance card at all appointments and services.

What happens if I lose MaineCare?

If MaineCare ends, PHIP ends.

What happens if I lose my private health insurance?

If you lose or cancel your private health insurance, you no longer qualify for PHIP. Please contact us right away if that happens.

Telehealth

Your health care provider may offer telehealth, which is a way for you to see your provider from the comfort of your own home or another setting.

What is telehealth?

Telehealth is the use of technology for health care appointments and services. It allows you to see your care provider without having to go to their office. Visits are covered by MaineCare, Medicare, and most insurance companies.

What kind of appointments can I have using telehealth?

- Conversations with your doctor about your chronic health care, diagnosis and treatment of new illnesses, and other medical care
- Physicals, mental health, substance use disorder treatment and some developmental disability services
- Routine child check-ups and developmental services

How do I use telehealth?

- Mobile apps
- Video conferencing platforms
- Patient portal message and telephone calls without video are considered "virtual health" visits

How do I ask for a telehealth appointment?

1. Call your care provider and ask if you can use telehealth for your appointment. This may also be an option for your children's health care needs.
2. They will tell you about the best way to use telehealth for your appointment.

What if I don't have a smartphone or internet access?

Call your doctor and discuss your telehealth options. If you do not have a smartphone but have a computer, you may be able to do a telehealth visit on your computer. If you do not have a computer or internet access, you may be able to conduct your appointment over telephone with audio (voice) only.

If you need help with paying for your phone, cell minutes, or internet access, you can also apply for Lifeline, a federal program that's available to help eligible individuals pay for their cell phone minutes and internet access. Go to this webpage to apply:

<https://www.fcc.gov/consumers/guides/lifeline-support-affordable-communications>

How much data will this use?

Some face-to-face video chats can use a lot of data. Using Wi-Fi can reduce the amount of cell phone data you use. If you have a limited amount of data, call your doctor's office, and discuss your options. There may be options that don't use as much data, such as a phone call or sharing pictures and text, if necessary. You can also contact your phone carrier if you have questions on your data limits.

What if I need an interpreter?

An interpreter can be available during a telehealth visit like they are for an in-person appointment. Your provider's office will contact you before your telehealth appointment to talk about what you need for the appointment and may ask if you need an interpreter. If they don't ask, you can request one. If your provider doesn't call or email you before your visit, you should call the office to request an interpreter.

Your provider will arrange to have the interpreter join your telehealth visit. You will see both your provider and your interpreter on your screen. If you are receiving care at a hospital or health clinic, the interpreter may join you in person or from another location. You can also talk with your provider about having your family member or friend join you as an interpreter if you prefer.

How can I be sure it's safe to use telehealth?

You should always be careful when using technology, whether it's for health care, banking, or simply connecting with family and friends. Your privacy is very important to us and your healthcare provider.

There are some simple things you can do to help make sure that your telehealth visit is safe and secure:

- Ask your health care provider if the technology they are using is HIPAA-compliant – this means that it meets the federal government's strict privacy and security standards. HIPAA-compliant technologies make it much more difficult for hackers to access your information or get access to a telehealth visit uninvited.
- Make sure you are located in a private space before you start your telehealth visit and be sure your provider is also in a private space once you are connected via audio/video. A room with a door that can be closed is best to avoid interruptions and prevent others from hearing your discussion with your provider.
- Use a private network to connect to the internet, which is one that requires a password to join, such as your home network. Do not use public networks such as those at coffee shops or libraries to join a telehealth visit, as these are much less secure, and your information and privacy may be at risk.

See the Telehealth webpage for more details at: <https://www.maine.gov/dhhs/oms/member-resources/telehealth>.

Quitting Tobacco

MaineCare can help!

If you are thinking about quitting, you are not alone.

Approximately three out of four people who use tobacco want to quit.

What happens when you quit?

- Your blood pressure and circulation improve.
- Your heart rate improves.
- Your lungs work better.
- Your chances of developing cancer, heart disease, diabetes, or having a stroke go down.

How can MaineCare help you quit? MaineCare pays for:

- Tobacco treatment counseling services.
- Nicotine replacement options like the nicotine patch or gum.
- Doctor visits.

Ready to quit now?

- You can get help by calling [1-800-QUIT-NOW](tel:1-800-QUIT-NOW) or by visiting MaineQuitLink.com.
- Call your doctor for help finding services and choose which treatment might be best for you.

Starting to think about quitting?

- Visit the Maine QuitLink at: <http://mainequitlink.com/>.
- Learn about free tools and resources.

Not ready to quit yet?

- Take the Smoke Free Home Pledge at: <https://breatheasymaine.org/smoke-free-homes-pledge/>.
- Remember, there is no risk-free level of secondhand smoke.

Transitional MaineCare

If your income goes up because of work or child support, and you are no longer eligible for “regular” MaineCare, you may be able to get up to six months of Transitional MaineCare. Call your local DHHS office eligibility specialist for information.

Transportation

MaineCare covers Non-Emergency Transportation (NET) for eligible members. You may get a ride to your MaineCare-covered appointment or have your ride reimbursed by MaineCare.

Make sure to make an appointment **at least two business days** in advance and check that it is covered by MaineCare and approved by the transportation broker.

The transportation broker in your region will decide if you qualify for transportation services and what type you qualify for.

How do I schedule a ride to my appointment?

MaineCare works with transportation brokers to schedule rides for our members. Call the broker in your area to ask about scheduling a ride. To see if you are eligible for NET, please contact the broker in your area. For a list of brokers, go to the NET webpage at: <https://www.maine.gov/dhhs/oms/member-resources/transportation>.

The transportation broker will choose the least expensive way to get you to your appointment. The brokers do not arrange emergency transportation. In a medical emergency, you should call 911 and they will send an ambulance.

Some examples of ways the broker may get you to your appointments are:

- Paying you for mileage from your home to and from your appointment if you use your own vehicle.
- Paying a friend or family member for mileage from your home to your appointment and back if he or she brings you.
- Giving you a pass or fare if you use public transportation such as a bus, train, or ferry.
- Setting up a ride with a volunteer to and from your appointment.
- Setting up a ride with an agency to and from your appointment.
- If you have special medical needs, setting up a ride to and from your appointment in a specialty vehicle, such as a wheelchair van.
- In certain cases, the broker may set up a ride with a taxi to and from your appointment.

The broker must follow MaineCare rules about what type of transportation they offer you. You must use whatever type of transportation the broker provides unless there is a health reason not to use that type of service.

When should I schedule a ride to my appointment?

Call for a ride as soon as you schedule your MaineCare-covered appointment. You must call the broker in your region at least two business days before the appointment. Before scheduling your ride, the broker checks that your appointment is covered by MaineCare and that you are eligible for transportation services.

When are other times that I should talk to the broker?

- If you cancel or change the date or time of an appointment, call the broker right away.
- If you schedule a medical service outside of Maine, call the broker right away. The broker will need time to confirm that MaineCare has given permission for the out-of-state service.
- If you need to bring someone to help you at your appointment due to a medical need, let the broker know so they can make sure there is room for you and the other person.
- You should make every effort to arrange childcare if you need it. The broker may not be able to set up the trip so that you can bring your children with you.

-
- If you need emergency care, call an ambulance. Emergency care means there is a risk to your life or long-term health. Brokers do not arrange emergency transportation.
 - If you need urgent care, you can call the broker. Urgent care means you need to see your doctor soon, but it is not an emergency. If you need urgent care, the broker will arrange transportation even if you did not call two business days in advance.

What if I have an urgent appointment and need a ride?

If it is an urgent appointment and you cannot call two business days ahead of time you can still get a ride. The broker will verify the trip is urgent.

Examples of when transportation is allowed for urgent care:

- Your doctor tells you to get medical care on the same day you call, or the next day.
- Your doctor tells you to come back for follow-up in two days or less.
- You are released from the hospital.
- Your doctor refers you to a specialist who can see you in two days or less and if you cannot make the appointment within two days you would have to wait two weeks or longer for an appointment.
- You rescheduled an appointment because the broker caused a delay.

The broker is required to verify appointments. The broker may:

- Call your doctor's office to confirm your appointment before your trip and after your appointment to confirm that you went to it.
- Ask your doctor if you need to be seen on the same day or next day for an urgent request.
- Contact MaineCare to see if your service needs approval before your appointment.

See the Transportation webpage for a list of transportation broker addresses and phone numbers, frequently asked questions, and how to report a transportation complaint at:
<https://www.maine.gov/dhhs/oms/member-resources/transportation>

Chapter 4: Pharmacy Services

When you have full MaineCare coverage, you can get prescription drugs paid for with your pharmacy benefit.

Please contact the Pharmacy Help Desk toll free at 1-866-796-2463 with questions about Pharmacy services. If you are deaf or hard of hearing and have a TTY machine, call 711.

Out-Of-State Pharmacy Services

Out-of-State Pharmacy Services are not covered. If you are planning on being out-of-state and will need to obtain medication while you are there, please have your provider submit an early fill prior authorization request.

Please contact the Pharmacy Help Desk toll free at 1-866-796-2463 with questions about Pharmacy services. TTY users dial 711.

Preferred Drug List

See MaineCare's Preferred Drug List (PDL) for a list of medications your doctor can prescribe on the Limited Benefits webpage at: <https://www.maine.gov/dhhs/oms/mainecare-options/limited-benefits>. Drugs listed as “Preferred” generally do not need a prior authorization (PA). Drugs listed as “Non-Preferred” will need a PA from your provider.

Mail Order Pharmacies

You can get brand name or generic drugs from mail order pharmacies that are approved by MaineCare. Mail order saves you time and money. You can get a 90-day supply of most generic and brand name drugs delivered to your mailbox. When you order drugs through the mail you will not be charged a copay.

If you have prescription drug questions, please contact the Pharmacy Help Desk: 1-866-796-2463. TTY users dial 711.

Discount Drug Programs

- Drugs for the Elderly and Disabled (DEL)
- Maine Rx Plus

Drugs for the Elderly and Disabled (DEL)

If you are elderly or disabled you may be eligible for DEL. With DEL, you may get a discount on some prescription drugs. If you are eligible, you may get up to 80% off the cost of your drugs. You may also have to pay a \$2.00 copayment.

To be eligible for DEL, you must be:

- Age 62 or older
- Age 19 through age 61 and meet the disability criteria for Supplemental Security Income (SSI)

See the MaineCare Eligibility Guidelines document for the income limits for this program on the Health Care Assistance webpage at: <https://www.maine.gov/dhhs/ofi/programs-services/health-care-assistance>. You may be eligible for this program if your monthly income, before you pay taxes, is up to your household size listed.

If you are close to the income limits, you should go to My Maine Connection or contact the Office for Family Independence (OFI) to apply because some of your income may not count toward this limit.

To apply for DEL, you can do one of the following:

- Go to My Maine Connection to see if you are eligible or to apply online for MaineCare. The web address is: <https://www.mymaineconnection.gov/>
- Print an application by going to this web address: <https://www.maine.gov/dhhs/ofi/applications-forms>. You can then mail it to: 114 Corn Shop Lane, Farmington, ME 04938.
- Call 1-855-797-4357; TTY users, dial 711.
- Visit a local DHHS - DHHS offices are located throughout the state. To see what office your town is assigned to, go to the Office Finder webpage at: http://gateway.maine.gov/dhhs-apps/office_finder/index.asp.

What drugs are discounted?

You may not get a discount on all your prescription drugs with DEL. If you have DEL, call the Pharmacy Help Desk at 1-866-796-2463 to see what drugs are covered. TTY users, dial 711.

Maine Rx Plus

Maine Rx Plus members may get a discount on some prescription drugs. If you are eligible you may save:

- Up to 60% on generic drugs
- Up to 15% on brand name drugs

The amount you save will vary with each prescription.

See the MaineCare Eligibility Guidelines document for the income limits for this program on the Health Care Assistance webpage at: <https://www.maine.gov/dhhs/ofi/programs-services/health-care-assistance>. You may be eligible for this program if your monthly income, before you pay taxes, is up to your household size listed.

If you are close to the income limits you should go to My Maine Connection or contact the Office for Family Independence (OFI) to apply because some of your income may not count towards this limit.

To apply for Maine Rx Plus, you can do one of the following:

- Go to My Maine Connection to see if you are eligible or to apply online for MaineCare. The web address is: <https://www.mymaineconnection.gov/>
- Print an application by going to this web address: <https://www.maine.gov/dhhs/ofi/applications-forms>. You can then mail it to: 114 Corn Shop Lane, Farmington, ME 04938.
- Call 1-855-797-4357; TTY users, dial 711.
- Visit a local DHHS - DHHS offices are located throughout the state. To see what office your town is assigned to, go to the Office Finder webpage at: http://gateway.maine.gov/dhhs-apps/office_finder/index.asp.

What drugs are discounted?

You may not get a discount on all your prescription drugs with Maine Rx Plus. This benefit covers all MaineCare preferred drugs. If you have Maine Rx Plus, call the Pharmacy Help Desk at 1-866-796-2463 to see what drugs are covered. TTY users, dial 711.

Chapter 5: Services for Children

Free and low-cost health coverage options ensure kids under age 21 can get the routine check-ups, immunizations, and care they need to stay healthy.

What are some examples of preventive services that are covered by MaineCare?

- Well-child exams
- Well-child dental exams
- Lead testing
- Immunizations, also called vaccines or shots

Well-Child Exams

Well-Child Exams are covered by MaineCare. Your child's health care provider will check to see how your child is growing and if they are healthy. Your child can also receive vaccines and tests, if needed. Children can also get optional treatment services. Optional treatment services are medically necessary services or equipment that may be needed to prevent illness or injury to a child. For more detail, see the Children's webpage at:

<https://www.maine.gov/dhhs/oms/mainecare-options/children>.

Preventive Dental Care

Among other services, MaineCare covers preventive dental care for children. This means that your child's teeth and gums are checked to make sure they are healthy. The Maine Center for Disease Control (Maine CDC) recommends that children see a dentist for well-child visits starting by age one or younger.

Some examples of dental services that are covered for children include:

- Teeth cleanings and routine checkups, twice a year
- X-rays and fillings
- Fluoride treatments
- Other care the dentist says is necessary

MaineCare Coverage Options

Children's Coverage

MaineCare provides free health insurance, other health services and benefits, and assistance to children under age 19 who meet eligibility income guidelines. See the Children's webpage for more information: <https://www.maine.gov/dhhs/oms/mainecare-options/children>.

Coverage for Children without Citizenship

Starting July 1, 2022, MaineCare provides full coverage to children under 21 who would be eligible for federal Medicaid benefits if not for their immigration status. Children with or without documentation or citizenship are eligible for this coverage, as long as they meet all other eligibility requirements, including household income. See Chapter 9 of the Handbook for more information.

Newborn Coverage

After your baby is born, call the Office for Family Independence as soon as possible to add your baby to MaineCare. If you do not add your baby to MaineCare right away, you may get a bill from the hospital. If you had full MaineCare coverage when your baby was born, the baby can have MaineCare coverage until their first birthday even if your income changes.

Katie Beckett

Children under age 19 with serious health conditions who are over the income level for free MaineCare may get MaineCare coverage through the Katie Beckett program. Katie Beckett eligibility allows children to be cared for at home instead of in an institution. There is no income limit to Katie Beckett eligibility and children enrolled in Katie Beckett pay a low-cost premium for health coverage. See the Children's webpage for more detail about eligibility requirements and general program information at: <https://www.maine.gov/dhhs/oms/mainecare-options/children>.

Purchasing MaineCare through Health Insurance Purchase Option (HIPO)

If a child under age 19 loses MaineCare coverage because family income goes up, you can buy MaineCare coverage for up to 18 months or until your child turns 19, whichever comes first. If you want more information about this, call the eligibility office at 1-855-797-4357. Ask about the "Full Cost Purchase Option for Children Under 19 Years of Age." This is also called the Full-Cost Purchase Option for Children under 19.

Services for Children

Early and Periodic Screening, Diagnosis and Treatment Services (EPSDT)

EPSDT services provide preventive care to children under 21 years old. Preventive care helps to catch and treat disease or ill health early, when it's easier to treat. EPSDT focuses on a child's or

adolescent's physical, oral, and mental or behavioral health care needs. EPSDT can pay for medically necessary services or equipment that are not regularly covered by MaineCare. Some EPSDT services require Prior Authorization (PA).

School Health Related Services

There are three ways MaineCare covers medical services when a member is at school:

1. **Individuals with Disabilities Education Act (IDEA) Related Services**

This program covers medically necessary services listed in the member's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP).

Examples of IDEA services include, but are not limited to:

- Children's Behavioral Health Day Treatment (Section 65)
- Speech therapy (Section 109)
- Physical therapy (Section 85)
- Occupational therapy (Section 68)
- Private Duty Nursing services (Section 96)
- Rehabilitative and Community Support Services for Children with Cognitive Impairments and Functional Limitations (Section 28)
- Specialized Transportation (Section 113)

2. **School-Based Health Centers**

Some school administrative units run School-Based Health Centers. School-Based Health Centers are different from one school district to another. They can deliver a range of services from preventive care to acute care. Services delivered by School-Based Health Center staff are offered to all eligible MaineCare members.

*Services provided through a School-Based Health Center do not need to be listed on a member's IEP or IFSP.

3. **Provider Discretion**

Some MaineCare providers use space in a school to provide medical services to students. The student may get services at the school instead of the provider's office and these services are not considered IDEA services because the referral was not made based on services listed in an IEP or IFSP.

Written Consent or Permission

Individuals with Disabilities Education Act (IDEA) regulations state that a parent or guardian must give written consent, or permission, for a child to receive services provided through IDEA.

You can also give permission for providers to get paid by MaineCare for services by signing a consent form. Without your signed consent, MaineCare cannot be billed by any provider for school-based services. If you choose not to allow your child's provider to bill MaineCare, federal law states that your Local Education Agency (LEA) must still provide services to your child if they are listed on the child's IEP or IFSP.

Your Choice

When your child has MaineCare, it is your choice which school-based services provider works with your child. You are not limited to choosing only providers recommended by your LEA.

Medical Necessity

For IDEA services, through the IEP or IFSP process, the IEP team determines what services are medically necessary for your child so they can access their education. These services must be listed on the IEF or IFSP. Members may access additional services outside of what is provided during the school day.

Transportation Requests

Please contact your child's school administrator with questions about transportation. Requests for transportation to school-based service appointments must be made by your child's provider.

Katie Beckett Limit

If your child receives school-based services and has MaineCare through the Katie Beckett program, the cost of the services is not included in your child's annual benefit limit if you have given written consent for these services. See the Katie Beckett section of this document for more information about the Katie Beckett program.

Questions

For all questions regarding school-based services, please contact MaineCare's State Medicaid Educational Liaison by email at MaineCareinEducation.DHHS@maine.gov or by calling (207) 624-4094.

Definitions

The **Individuals with Disabilities Education Act (IDEA)** is a federal law that makes free appropriate public education available to eligible children with disabilities. This law ensures special education and related services are available. For more information about IDEA regulations, see the Department of Education's IDEA webpage at: <https://sites.ed.gov/idea/about-idea/>.

Local Educational Agency (LEA) refers to either your school district or to an agency delegated by the Department of Education to provide services such as Child Development Services.

Chapter 6: Services for Older Adults and Adults with Disabilities

This section is about services for members who are over the age of 65, are blind, or have another disability.

Home and Community-Based Waiver Recipients

If you are in an eligibility category and meet the medical and financial requirements, then you may qualify to receive services through one of our Home and Community Based Services (HCBS) waiver programs. To view the eligibility categories, go to the Older Adults and Adults with Disabilities webpage at: <https://www.maine.gov/dhhs/oms/mainecare-options/older-adults-and-adults-with-disabilities>.

Deductibles for the Medically Needy

If you qualify for MaineCare but are over the income or asset limits, you will have a deductible. A deductible is a specific dollar amount that is based on your income.

To meet your deductible, your qualifying medical bills must add up to that dollar amount. If you meet your deductible, you receive full MaineCare coverage for the rest of the deductible period. MaineCare will cover qualifying medical services for whatever is left once the deductible is met. You are responsible for the medical bills you received before you met your deductible and MaineCare will not pay for them. When the deductible period ends, your MaineCare coverage will end and you must reapply for a new deductible.

Medicare

Some MaineCare members are also covered by Medicare. Medicare is not the same as MaineCare. Medicare covers people who:

- Are age 65 and older; or
- Have received social security disability benefits for 24 months in a row; or
- Have end-stage renal disease.

Medicare has four parts:

- Part A (hospital insurance) pays for inpatient hospital care, some skilled nursing facility care, Hospice care, and some home health care.
- Part B (medical insurance) pays for doctors, outpatient hospital care, and some other medical services that Part A does not cover, like physical and occupational therapies. It does not pay for most prescription drugs.
- Part C (Medicare managed care) is called Medicare Advantage. These are health plan options that include Part A and Part B covered services and may include prescription drug coverage, preventive care, and other services.

-
- Part D (prescription drug coverage) covers outpatient prescription drugs through private companies. For more information on Part D, call DHHS Pharmacy Help Desk toll free at 1-866-796-2463. If you are deaf or hard of hearing and have a TTY machine, call 711.

If you have MaineCare and Medicare, Medicare should always pay first. There are several ways that MaineCare and Medicare work together:

- MaineCare members enrolled in both MaineCare and Medicare are called “dual eligible.” For most people in this group, MaineCare pays their Part B premiums and their Medicare co-insurance and deductibles. MaineCare pays for services that are not covered by Medicare.
- For some people with low income, MaineCare pays the Part B premium only.
- MaineCare members who are eligible must enroll in a Medicare Part D Prescription Drug Plan.

For more information about Medicare, call 1-800-MEDICARE (1-800-633-4227).

Medicare Savings Programs – Also called Buy-In

If you have Medicare, you may qualify for a Medicare Savings Plan. Depending on your income, MaineCare may pay for Part A premiums, Part B premiums, Medicare deductibles, coinsurance, and copayments.

It is important to note that this benefit is not full MaineCare coverage, so check with MaineCare Member Services to see if your service is covered by MaineCare.

Medicare Savings Programs:

- Qualified Medicare Beneficiary (QMB)
- Specified Low-Income Medicare Beneficiary (SLMB)
- Qualifying Individual (QI)
- Qualified Disabled and Working Individuals (QDWI)

See the Medicare Savings Programs webpage for more detail about eligibility guidelines and what is covered at: <https://www.medicare.gov/your-medicare-costs/get-help-paying-costs/medicare-savings-programs>.

Long-Term Care Coverage

Residents of Nursing Facilities

You may qualify for long-term care coverage if you live in a nursing facility. MaineCare may pay for the cost of the room, food, nursing care, routine supplies, and equipment provided by your nursing facility.

Residential Care Facilities

You may qualify for long-term care coverage if you live in apartment or small adult family care home and get assisted living services. MaineCare may pay for the assisted living services that you receive.

Electronic Visit Verification

Electronic Visit Verification (EVV) only affects you if you receive Personal Care Services (PCS) or Home Health Care Services (HHCS).

Personal care services and home health care services that require an in-home visit by your provider will require your provider to electronically confirm that the service was delivered. This is called Electronic Visit Verification. Your personal care or home health provider may ask you to verify that they have provided a service to you.

What are Personal Care Services (PCS)?

PCS are services related to activities such as:

- Getting in and out of a bed, wheelchair, or vehicle
- Using the toilet
- Bathing and other personal hygiene like combing hair or brushing teeth
- Dressing
- Eating
- Taking medicine
- Grocery shopping and shopping for medicines and other supplies
- Housework and laundry
- Managing money
- Preparing food and clean up

What are Home Health Care Services (HHCS)?

- Skilled nursing services
- Home health aid services
- Physical therapy services
- Occupational therapy services
- Speech language pathology services
- Medical social work services

What is EVV?

EVV allows MaineCare to electronically confirm that a personal care or home health service was provided.

How does EVV work?

The provider must use a mobile phone, tablet, or landline to show they provided a service.

How does EVV affect me?

Your benefits and services will not be changed by EVV. The only change you will see is that providers will use a phone or tablet at the beginning and end of your visit to confirm that a personal care or home health service was provided.

What do I have to do?

Your personal care or home health provider may ask you to sign a mobile phone or tablet or speak into a phone to verify the service took place.

When will my provider ask me to confirm I received a service?

Your provider may have already asked you to confirm a visit. PCS began using EVV on January 1, 2021. HHCS providers must verify they provided services to you beginning on January 1, 2023.

Why do I have to confirm I received an in-home service?

Verifying a PCS or HHCS is required by the federal government. MaineCare and the federal government want to make sure you are getting the services you need. It's important that you verify the service took place so your provider can get paid for the services they provided to you.

What if I have more questions about EVV?

See the EVV Member Questions & Answers document posted on MaineCare's Member Resource webpage at: <https://www.maine.gov/dhhs/oms/member-resources>. You can also contact MaineCare Member Services with questions at 1-800-977-6740; TTY users dial 711.

Chapter 7: Primary Care Provider

A Primary Care Provider (PCP) can be a doctor, physician's assistant, nurse practitioner, and may include other providers within the health care practice, clinic, or center.

A PCP is the main health care provider responsible for managing your care.

Working with your PCP has benefits. Your PCP:

- Knows you and your health best.
- Understands your medical history.
- Will review all parts of your health care including your medical needs and medications for your health conditions.
- Can refer you to other types of providers or services if you need them.

If you need help finding a provider or selecting a PCP, call MaineCare Member Services at 1-800-977-6740.

Choose a PCP

Your PCP can be a doctor, physician's assistant, nurse practitioner, or a health care clinic.

MaineCare has a program called Primary Care Plus to support primary care.

Primary Care Plus rewards PCPs when they work with other healthcare providers to give you and your family the best care possible. You will receive a letter if the PCP you visit is part of the PCPlus program. You can decide to opt-out of this program at any time by contacting MaineCare Member Services at 1-800-977-6740.

Appointments with your PCP

Make an appointment with your PCP right away.

Do not wait until you are sick. To get the best care, you should know your PCP and your PCP should know you. You must have an appointment with your PCP before he or she can refer you to a specialist.

Call ahead for an appointment.

Most providers will not see patients who come into the office without an appointment. If you need a ride to a MaineCare-covered service, call the transportation agency that is closest to you. You need to call them as soon as possible. Go to Chapter 10 of this handbook for a list of transportation agencies.

Keep your appointments and be on time.

Call your provider if you are going to be late. Call your provider if you cannot keep an appointment as soon as you know. MaineCare does not pay providers for missed appointments. Many providers will not see you again if you miss an appointment.

Take your MaineCare card to all your appointments.

If you do not have your card with you, providers may choose not to see you.

Losing your PCP

Your PCP can choose not to have you as a patient. Some reasons your PCP may not want to see you as a patient are:

- You don't show up for your appointments or you don't call ahead to cancel.
- You don't bring your card to your appointments.
- You don't get a referral when you need one.
- You do not follow the office rules.
- Your PCP no longer accepts MaineCare.

If you lose your PCP, you should call MaineCare Member Services right away to see if there is another provider in your area who accepts MaineCare.

Referrals

A referral is approval from your PCP to get services from another provider or specialist. Please speak to your providers to see when a referral may be requested.

Chapter 8: Your Rights as a MaineCare Member

Advance Health Care Directive or Living Will

An Advance Health Care Directive is sometimes called a Living Will. You write it to tell people what kind of care you want at the end of your life. It is important for your family and caregivers to know what you would like. An Advance Health Care Directive can also be used when you are unable to make decisions on your own.

Disability Rights Maine has a manual and forms for an Advanced Directive for Planning Mental Health Care on their website at <https://drme.org/resources/advance-directives-mh>. Legal Services for the Elderly also has Advance Health Care Directive forms on their website at: <https://mainelse.org/content/advance-directives-forms>. The phone numbers and websites for both programs can be found in Chapter 10 of this handbook.

Estate Recovery

Definition of Estate Recovery

Estate recovery is a process required by the federal government for states to seek reimbursement for Medicaid (MaineCare in Maine) benefits from the estates of deceased Medicaid recipients who are age 55 and older at the time of death. MaineCare seeks recovery for the cost of certain MaineCare benefits that were provided to the deceased. MaineCare does not seek recovery for any Medicare cost-sharing paid on behalf of Medicare Savings Program beneficiaries.

Effective November 24, 2021, MaineCare will only seek to recover costs for nursing facility services (Section 67 of the MaineCare Benefits Manual (MBM)), Home and Community Based Services (HCBS), and hospital (Section 45 of the MBM) and prescription drug services (Section 80 of the MBM) related to these services. For the purposes of estate recovery, HCBS is defined as services under the following sections of the MBM:

- Section 12, Consumer Directed Attendant Services
- Section 18, Home and Community Based Services for Adults with Brain Injury
- Section 19, Home and Community Benefits for the Elderly and Adults with Disabilities
- Section 20, Home and Community Based Services for Adults with Other Related Conditions
- Section 21, Home and Community Benefits for Members with Intellectual Disabilities or Autism Spectrum Disorder
- Section 29, Support Services for Adults with Intellectual Disabilities or Autism Spectrum Disorder
- Section 40, Home Health Services
- Section 96, Private Duty Nursing and Personal Care Services

Seeking Estate Recovery

All of the following must be true for MaineCare to seek recovery for costs related to the services listed above. The MaineCare member must:

- Be age 55 or older at date of death
- Have received nursing facility services or HCBS
- Have no surviving spouse at the time the Department seeks recovery
- Have no children under the age of 21 at the time the Department seeks recovery
- Have no disabled children of any age at the time the Department seeks recovery

Recoverable Property

The following are examples of types of property subject to recovery by MaineCare:

- A home
- Land
- Automobiles of significant value
- Recreational vehicles such as boats, campers, motorhomes, and All Terrain Vehicles
- Liquid assets such as bank accounts, stocks, bonds, and annuities

Only the amount of MaineCare's cost for past expenses is subject to recovery. For example, if an estate is worth \$150,000 and MaineCare costs were \$20,000, then MaineCare would seek to recover \$20,000, not the value of the whole estate. The only benefits for which MaineCare will seek recovery are nursing facility services, HCBS, and hospital and prescription drug services related to these services.

Not Subject to Estate Recovery

The following may not be recovered:

- For members who passed on or after September 1, 2019: For estates of \$20,000 or less, a \$15,000 family allowance if there is a surviving child of any age
- For members who passed prior to September 1, 2019: For estates of \$10,000 or less, a \$7,000 family allowance if there is a surviving child of any age
- Reasonable funeral expenses
- Attorneys' fees
- Probate court costs
- Upkeep of property (e.g. taxes, insurance, repairs to property to make it marketable)
- Personal representative fees for handling the estate, up to \$3,000

Waivers from Recovery

Maine offers two options for MaineCare members to seek a waiver from full estate recovery of MaineCare payments. MaineCare deducts the amount of the waiver granted from the value of the estate assets.

The waiver options are:

1. “Care Given” Waiver

Heirs who provided care for the MaineCare member while living in the member’s home for at least two years prior to the member being admitted to a long-term care facility or death may seek a waiver from recovery. The heir must have an income below 200% of the federal poverty level.

The amount waived from recovery depends on the level and type of home care the heir provided. For each of the two years:

- \$6,000 is waived for basic help at least three times a week with transportation, housekeeping, appointments, and daily in-home personal care.
- \$12,000 is waived for care that includes the above plus dispensing medications, changing dressings, and bathing.
- \$32,000 is waived if the level of care is personal care that would have been provided in an institutional setting.

2. Hardship Waiver

If full recovery of MaineCare’s claim will create an undue hardship, heirs may request a hardship waiver. The heirs’ income and assets combined must be below 180% of federal poverty level, and they must have lived in the member’s home for a period of at least two years prior to the member’s death.

Fair Hearings

In most situations, if you disagree with a MaineCare decision to deny, terminate, or reduce your covered services, you have a right to a Fair Hearing.

When MaineCare makes a decision about your services, you will receive a letter explaining the decision. The letter will also tell you how you can ask for a Fair Hearing if you disagree with the decision. You can ask for a Fair Hearing up to 60 days from the date of your letter. If you ask for a Fair Hearing within 10 days of the date on the letter, your current services will continue until a decision is made.

How do I request a hearing?

Call MaineCare Member Services at 1-800-977-6740. TTY users dial 711. You can also email at: MaineCareMember@dxc.com

You can also write to:

MaineCare Hearings Coordinator
MaineCare Services
11 State House Station
Augusta, ME 04333-0011

If you feel the decision was made based on inaccurate or incomplete information, you can ask your provider(s) to submit additional information to the Office of MaineCare Services at the above address prior to the hearing. MaineCare will evaluate these documents to determine if it changes the decision made. You will also have the opportunity to present these documents as evidence at your hearing.

Before your hearing, you can ask your provider to show the services requested are medically necessary by sending new information to the Office of MaineCare Services at the above address.

You can bring anyone you choose to the hearing. For example, you can bring a lawyer, an advocate, or a friend to support you. MaineCare may also choose to bring a lawyer.

A hearing officer who is not from MaineCare and does not know your case will attend the Fair Hearing. Staff from MaineCare will explain how and why they made the decision they did. You will get a chance to say why you disagree. The hearing officer will listen to both sides. They will issue a decision or, in some situations, recommend a decision to the Commissioner of the Department of Health and Human Services.

After the hearing, you will get a letter explaining the final decision.

The Fair Hearing process can take up to 90 calendar days from the date that you ask for an appeal. If you are dissatisfied with the final decision, you have the right to appeal that decision to the Maine Superior Court.

Who do I call with questions?

Call MaineCare Member Services at 1-800-977-6740. TTY users dial 711. Or you can email mainecaremember@gainwelltechnologies.com.

Medical Records

Under Maine law, your provider must give you your medical records or a detailed summary of your records if you ask for this information. You can request your records by writing a letter or by signing a release. However, if the provider believes that giving you your records could be harmful to your health, he or she can ask that you choose someone else to get your records.

Medical Support from the Other Parent

If your child is receiving MaineCare and lives with you, and the non-custodial parent can get insurance for the child through work, MaineCare will ask the non-custodial parent to enroll the child for health coverage.

We may need your help to get in touch with the non-custodial parent. If you do not help, your child can still enroll in MaineCare, but you will not be able to get coverage for yourself. You do not have to help DHHS find the other parent if you think reporting this information would be a threat to you or your family. Let your eligibility specialist know if this is a problem for you. If the non-custodial parent has health insurance for your child, he or she should not drop it even if the child enrolls in MaineCare. MaineCare could hold the non-custodial parent responsible for the medical costs.

Other Health Insurance and MaineCare

When you see your provider, always show all your insurance cards.

Examples of other insurance are:

- Private insurance like Anthem, Aetna, and Cigna
- Medicare
- TriCare

If your other health insurance changes or you lose it, call MaineCare Member Services. Your other insurance is billed before MaineCare. If you have other insurance that covers what MaineCare covers, then the other insurance always pays first. If your other health insurance does not pay your claims because you did not follow their rules, MaineCare may not pay for a covered service.

When you apply for MaineCare, you are asked to “assign your rights” to other insurance. This means you give MaineCare the right to get money back for services it paid for that other insurance or source should have covered.

Examples of payments from other insurance or sources include:

- Private insurance payment
- Court-ordered medical support from a non-custodial parent
- Workers’ Compensation
- Accident settlements

Your other health insurance does not have to pay MaineCare back when MaineCare pays only for your Medicare premium, co-insurance, or deductible.

If you have other health insurance and are eligible for MaineCare, you may qualify to have the other health insurance premium paid for by MaineCare's Private Health Insurance Premium (PHIP) program. See Chapter 3 of this handbook for more information about the PHIP program.

Protected Health Information

When you apply for MaineCare, we ask for some personal information to make sure you are eligible for the program.

Some information we will ask for:

- Social security number
- Date of birth
- Address
- Your child's or other family member's information
- Other health insurance
- Disabilities

We use certain personal information about you to see if you are eligible for MaineCare and to pay for your health services. We are required by law to make sure that Protected Health Information (PHI) is safe. For the more information, see the Privacy and Security of Health Information webpage: <https://www.maine.gov/dhhs/privacy>.

We may use or disclose your PHI for the following purposes:

1. **For Payment.** We pay for your health services.
We may use and disclose your PHI to pay for your care, and to determine whether certain services or medications are covered. Example: We may share information about the type of MaineCare coverage you have in order for your doctor to know what services are covered or in case as service requires special permission (also called prior authorization). We may help coordinate your care, review your use of services, and to tell you about program changes and updates.
2. **For Treatment.** We help manage the health care treatment you receive.
We may disclose your PHI with health care providers who are treating you. *Example: A doctor sends us information about your treatment plan so we can see what other services may help you.*
3. **For Healthcare Operations.** To help do our work and comply with government requirements.

We can use and disclose your PHI to run our program.

Examples: We are permitted to use your information for audit and accounting purposes, for educating our staff, and for reviewing the quality of our program.

The law says that we may use or disclose your PHI in certain situations, including:

- To persons authorized by law to act on your behalf, such as a guardian, health care power of attorney or surrogate.
- To comply with a state or federal law.
- To remind you of an appointment or to provide you with information about treatment alternatives or other health related benefits and services that may be of interest to you.
- To help prevent or reduce threats to health and safety, stop the spread of disease, or report abuse or neglect.
- For research where the information does not identify you or we have received permission from a special research review board.
- For planning our programs. We may disclose general information about a certain population of people.
- To comply with state or federal program requirements. We may disclose PHI to the Food and Drug Administration, the Centers for Medicare and Medicaid Services, and the U.S. Department of Health and Human Services when required.
- To comply with a valid court order, subpoena, or other appropriate administrative, judicial or legal request.
- In an emergency or for disaster relief purposes, such as to notify family members about your location and condition.
- To military departments if you are a veteran or member of the armed forces. We may be required to disclose information for national security or intelligence purposes. If you are an inmate, we may release your information for your health or safety in the correctional facility.
- To assist a medical examiner or funeral director in carrying out their duties.
- In connection with Workers' Compensation claims for benefits.
- To assist law enforcement where there was a possible crime on the premises. We may also share your information where necessary to prevent or lessen a serious or imminent threat to you or another person.

We will not use or disclose your information in any ways other than described in this notice unless you tell us in writing that we can. If you sign an authorization, you may change your mind and take back your permission (revoke it) at any time, except to the extent that we have already shared your information based upon your written permission.

You have the right to:

- A. See and copy your Protected Health Information. This request must be in writing.
 - If you ask us to copy your record, we may ask for a reasonable, cost-based copy fee.
 - You may ask for your electronic record in a digital format.

-
- You may ask us to send your protected health information to someone by email if you fill out the email section of the authorization form.
 - Your provider may not allow you to see certain parts of your medical record. You may ask that this decision be reviewed by another licensed professional.

B. Ask us to contact you in a certain way.

You may ask us to contact you only in a certain way to keep your PHI confidential and safe. For example, you may ask us only to call you at a certain phone number or send letters to a certain address. We are required to contact you in the way that you request, whenever possible.

C. Ask us not to use or disclose certain information in your medical record.

You may ask us to limit the information we use or disclose. You may ask us **not** to use or disclose certain kinds of information. We will carefully consider your request, but we are not required to agree to the request. We can refuse your request if it would affect your care. If you ask us not to use or disclose certain information, we may not be able to pay your bill. In this case, you may be responsible for your bill.

D. Get a list of those to whom we have disclosed your Protected Health Information.

You may ask for a list of those to whom we have disclosed your PHI other than for treatment, payment, healthcare operations, or where you have received the information or previously given us written permission to share your information. We can go back six years for paper files and three years for electronic records.

E. Ask us to fix your health and claims record if it is wrong or add a statement to your file.

You may ask us to fix a mistake to your information. While we cannot erase your record, we will add your written statement to your PHI to correct or clarify the record.

F. Decide not to have your Protected Health Information shared through HealthInfoNet.

HealthInfoNet is one way that we share your health information with your doctors and other health care professionals. You can opt out of this method of information sharing by completing a form. HIV and mental health information is never included unless you opt in or give us special permission.

G. You may file a complaint if you think your privacy rights have been violated. We cannot retaliate against you for making a complaint.

You may file a complaint in one of the following ways:

- Contact to the Privacy Official through your local DHHS office.
- Contact Michelle Wile, Deputy Privacy Officer, at (207) 624-6929. TTY users dial 711.
- Contact the Office of Civil Rights, DHHS, Government Center, John F Kennedy Federal Building, Room 1875, Boston MA 02203, or by going to the following webpage: <https://www.hhs.gov/hipaa/filing-a-complaint/what-to-expect/index.html>

We must protect your Protected Health Information:

- The law says we must keep your PHI private and safe.
- The law says we must tell you about any breach in the security of your PHI.

HIPAA, Privacy, and Security webpage

See the Department of Health and Human Services' Privacy and Security of Health Information webpage for detail about how we protect your personal information and for the Authorization to Release Information form at the following web address:

<https://www.maine.gov/dhhs/privacy>

Chapter 9: Benefit Packages

Services that May Be Covered

MaineCare pays for medically necessary services. The services covered depend on your MaineCare eligibility category. MaineCare may not cover all services listed. If you are not sure what services are covered, call MaineCare Member Services at 1-800-977-6740. TTY users dial 711 (Maine Relay). Make sure MaineCare covers the service you need before you get care. There are limits or special rules for most covered services.

For more information, see the MaineCare Benefits Manual online at:

<https://www.maine.gov/sos/cec/rules/10/ch101.htm>. You can also call MaineCare Member Services at 1-800-977-6740.

Benefit Packages Explained

A benefit package is the list of services that MaineCare pays for. Your benefit package depends on your income, age, medical needs, and if you need help with Activities of Daily Living (ADLs).

How to find out what benefit package you have:

MaineCare eligibility is determined by the Office for Family Independence. Your eligibility category determines which benefit package you have. Not all benefit packages offer the same services. If you are not sure what services are covered, call MaineCare Member Services at 1-800-977-6740. TTY users dial 711.

Your benefit package can change:

Your benefit package may change based on changes to your income, assets, household size, age, or medical condition. It may also change when laws and MaineCare rules change.

Benefit Package Categories

Benefit packages are organized in three categories:

- Full Benefit Packages
- Limited Benefit Packages
- Long-Term Care Benefits

Full Benefit Packages

The following eligibility categories may get a full benefit package:

- **Children or Young Adults** - Individuals who are newborn through 20 years old. This category includes members with Katie Beckett.

-
- **Parent or Caretaker Relatives** - Guardians, caretakers, or relatives of a dependent child. The child's caretaker must be related by blood or marriage or have adopted the child. The child must also be living with the caretaker and the caretaker assumes primary responsibility for the child's care.
 - **Pregnant Women** - Women who are pregnant or whose pregnancy ended within the last 60 days.
 - **Former Foster Care Children** - Individuals under 26 years old, who were in foster care in the State of Maine and were enrolled in Medicaid through the State of Maine at age 18, and are not otherwise eligible for, or enrolled in, other mandatory Medicaid coverage.
 - **Aged, Blind, or Disabled** - Individuals 65 years or older, or who are blind or disabled.
 - **Home and Community Based Waiver Recipients** - Individuals who have an eligibility category and meet the medical and financial requirements of one of the Home and Community Based Waiver programs. The waiver programs are listed on the next page.
 - **Spenddown: Deductibles for the Medically Needy** - Individuals who qualify for a MaineCare coverage group but are over the income or asset limits for MaineCare. They must meet a deductible to receive MaineCare's full benefit package.

There are limits or special rules for most covered services. The policy sections are numbered so you can find them in the MaineCare Benefits Manual (MBM) at:

<https://www.maine.gov/sos/cec/rules/10/ch101.htm>.

Services that may be covered for members with full benefits (with MBM Policy Section listed):

- Adult Family Care Services (Section 2)
- Advanced Practice Registered Nursing Services (Section 14)
- Ambulance Services (Section 5)
- Ambulatory Care Clinic Services (Section 3)
- Ambulatory Surgical Center Services (Section 4)
- Behavioral Health Homes (Section 92)
- Behavioral Health Services (Section 65)
- Chiropractic Services (Section 15)
- Children's Rehabilitation & Community Support (Section 28)
- Community Support Services (Section 17)
- Consumer Directed Attendant Services (Section 12)
- Day Health Services (Section 26)
- Dental Services (Section 25)
- Developmental and Behavioral Clinic Services (Section 23)
- Early and Periodic Screening, Diagnosis and Treatment Services (EPSDT) (Section 94)
- Family Planning Agency Services (Section 30)
- Federally Qualified Health Center Services (Section 31)
- Free Standing Dialysis Services (Section 7)
- Health Home Services – Community Care Teams (Section 91)
- Home Health Services (Section 40)
- Hospice Services (Section 43)
- Hospital Services (Section 45)

-
- Indian Health Services (Section 9)
 - Intermediate Care Facility for Individuals with Intellectual Disability (Section 50)
 - Laboratory Services (Section 55)
 - Medical Imaging Services (Section 101)
 - Medical Supplies and Durable Medical Equipment (Section 60)
 - Nursing Facility Services (Section 67)
 - Occupational Therapy Services (Section 68)
 - Opioid Health Homes (Section 93)
 - Pharmacy Services (Section 80)
 - Physical Therapy Services (Section 85)
 - Physician Services (Section 90)
 - Podiatric Services (Section 95)
 - Primary Care Plus Services (Chapter VI, Section 3)
 - Private Duty Nursing and Personal Care Services (Section 96)
 - Private Non-Medical Institution Services (Section 97)
 - Psychiatric Facility Services (Section 46)
 - Psychiatric Residential Treatment Facility (Section 107)
 - Rehabilitative Services (Section 102)
 - Rural Health Clinic Services (Section 103)
 - Speech and Hearing Services (Section 109)
 - Targeted Case Management Services (Section 13)
 - Telehealth (Chapter 1, Section 4)
 - Transportation Services (Section 113)
 - Vision Services (Section 75)

Home and Community Based Services Waivers

Individuals who are applying for a Home and Community Based Services (HCBS) waiver may need to complete a long-term care application. The Maine Department of Health and Human Services (DHHS) or an agency we work with will complete the required medical assessment. There are a limited number of openings. Before a person can get this benefit package, an opening must be available.

The HCBS waiver descriptions:

- **Home and Community Benefits for Members with Intellectual Disabilities or Autism Spectrum Disorders (Policy Section 21) and Support Services for Adults with Intellectual Disabilities or Autism Spectrum Disorder (Policy Section 29):** Adults 18 years old and older who have intellectual disabilities or autism spectrum disorder.
- **Home and Community Benefits for the Elderly and Adults with Disabilities (Policy Section 19):** Older adults and adults who are 18 years and older, have physical disabilities, and do not live in an institution.
- **Home and Community Based Services for Adults with Brain Injury (Policy Section 18):** Adults 18 years and older who have an acquired brain injury.

-
- **Home and Community Based Services for Adults with Other Related Conditions (Policy Section 20):** Adults 21 years and older with Cerebral Palsy, epilepsy, or any other condition other than mental illness that requires treatment similar to those persons with intellectual disabilities.

Home and Community Benefits for Members with Intellectual Disabilities or Autism Spectrum Disorders (Policy Section 21) and Support Services for Adults with Intellectual Disabilities or Autism Spectrum Disorder Waiver (Policy Section 29)

This full benefit package is for members 18 years and older who have intellectual disabilities or autism and do not live in an institution. There are a limited number of openings. Before a person can get this benefit package, an opening must be available. Also, the member must have an Individual Plan of Care approved by DHHS or an agency we work with.

This benefit package includes Policy Section 21, Home and Community Benefits for Members with Intellectual Disabilities or Autism Spectrum Disorders, and Policy Section 29, Support Services for Adults with Intellectual Disabilities or Autism Spectrum Disorder.

The policy sections are numbered so that you can find them in the MaineCare Benefits Manual (MBM) at: <https://www.maine.gov/sos/cec/rules/10/ch101.htm>.

Policy Section 21 services that may be covered include:

- Assistive Technology
- Career Planning
- Community Support
- Consultation Services
- Communication Aids
- Crisis Assessment
- Crisis Intervention Services
- Employment Specialist Services
- Home Accessibility Adaptation
- Family-Centered Support
- Home Support
- Non-Medical Transportation
- Non-Traditional Communication Assessment
- Non-Traditional Communication Consultation
- Occupational Therapy for maintenance
- Physical Therapy for maintenance
- Per Diem Home Support
- Shared Living
- Specialized Medical Equipment and Supplies
- Speech Therapy for maintenance
- Work Support

Policy Section 29 services that may be covered include:

- Assistive Technology
- Career Planning
- Home Support
- Community Support
- Employment Specialist Services
- Home Accessibility Adaptations
- Respite
- Shared Living
- Transportation
- Work Support

In addition, Policy Sections 21 and 29 members may receive the following services (with MBM Policy Section listed):

- Advanced Practice Registered Nursing Services (Section 14)
- Ambulance Services (Section 5)
- Ambulatory Care Clinic Services (Section 3)
- Ambulatory Surgical Center Services (Section 4)
- Behavioral Health Homes (Section 92)
- Behavioral Health Services (Section 65)
- Chiropractic Services (Section 15)
- Community Support Services (Section 17)
- Day Health Services, if not living in a PNMI (Section 26)
- Dental Services (Section 25)
- Family Planning Agency Services (Section 30)
- Federally Qualified Health Center Services (Section 31)
- Free Standing Dialysis Services (Section 7)
- Health Home Services- Community Care Teams (Section 91)
- Home Health Services, except for personal care provided by a home health aide (Section 40)
- Hospice Services (Section 43)
- Hospital Services (Section 45)
- Laboratory Services (Section 55)
- Medical Imaging Services (Section 101)
- Medical Supplies and Durable Medical Equipment (Section 60)
- Occupational Therapy Services (Section 68)
- Pharmacy Services (Section 80)
- Physical Therapy Services (Section 85)
- Physician Services (Section 90)
- Podiatric Services (Section 95)
- Primary Care Plus Services (Policy Chapter VI, Section 3)
- Private Duty Nursing and Personal Care Services, nursing only, no personal care (Section 96)

-
- Private Non-Medical Institution Services (Section 97)
 - Psychiatric Facility Services (Section 46)
 - Rehabilitative Services (Section 102)
 - Rural Health Clinic Services (Section 103)
 - Speech and Hearing Services (Section 109)
 - Targeted Case Management Services (Section 13)
 - Transportation Services (Section 113)
 - Vision Services (Section 75)

Home and Community Benefits for the Elderly and Adults with Disabilities Waiver (Policy Section 19)

This full benefit package is for adults 18 years and older who have physical disabilities and older adults who do not live in an institution. Before a MaineCare member can get this benefit package, DHHS or an agency we work with must approve an Individual Plan of Care.

This benefit package includes Policy Section 19, Home and Community Benefits for the Elderly and Adults with Disabilities.

The policy sections are numbered so that you can find them in the MaineCare Benefits Manual (MBM) at: <https://www.maine.gov/sos/cec/rules/10/ch101.htm>.

Policy Section 19 services that may be covered include:

- Assistive Technology Devices and Services
- Assistive Technology - Remote Monitoring
- Assistive Technology - Transmission
- Attendant Care Services
- Care Coordination Services
- Environmental Modifications
- Financial Management Services
- Home Delivered Meals
- Home Health Services
- Living Well
- Matter of Balance
- Personal Care Services
- Personal Emergency Response System Services
- Transportation Services
- Respite Services
- Skills Training

In addition, this benefit package also may include (with MBM Policy Section listed):

- Advanced Practice Registered Nursing Services (Section 14)
- Ambulance Services (Section 5)
- Ambulatory Care Clinic Services (Section 3)

-
- Ambulatory Surgical Center Services (Section 4)
 - Behavioral Health Homes (Section 92)
 - Behavioral Health Services (Section 65)
 - Chiropractic Services (Section 15)
 - Community Support Services (Section 17)
 - Dental Services (Section 25)
 - Family Planning Services (Section 30)
 - Federally Qualified Health Center Services (Section 31)
 - Free Standing Dialysis Services (Section 7)
 - Health Home Services- Community Care Teams (Section 91)
 - Hospice Services (Section 43)
 - Hospital Services (Section 45)
 - Laboratory Services (Section 55)
 - Medical Imaging Services (Section 101)
 - Medical Supplies and Durable Medical Equipment (Section 60)
 - Occupational Therapy Services (Section 68)
 - Pharmacy Services (Section 80)
 - Physical Therapy Services (Section 85)
 - Physician Services (Section 90)
 - Podiatric Services (Section 95)
 - Primary Care Plus Services (Policy Chapter VI, Section 3)
 - Psychiatric Facility Services (Section 46)
 - Rehabilitative Services (Section 102)
 - Rural Health Clinic Services (Section 103)
 - Speech and Hearing Services (Section 109)
 - Transportation Services (Section 113)
 - Vision Services (Section 75)

Home and Community Based Services for Adults with Brain Injury Waiver (Policy Section 18)

This full benefit package is for adults age 18 and older with an acquired brain injury. Members in this waiver must meet the criteria to receive services from an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF-IID). Before a MaineCare member can get this benefit package, DHHS or an agency we work with must approve an Individual Plan of Care.

This benefit package includes the Policy Section 18, Home and Community Based Services for Adults with Brain Injury.

The policy sections are numbered so that you can find them in the MaineCare Benefits Manual (MBM) at: <https://www.maine.gov/sos/cec/rules/10/ch101.htm>.

Policy Section 18 services that may be covered are listed below:

-
- Assistive Technology Device
 - Care Coordination
 - Career Planning
 - Employment Specialist
 - Home Support
 - Non-Medical Transportation
 - Work Ordered Day Club House
 - Work Support

In addition, this benefit package may include (with MBM Policy Section listed):

- Advanced Practice Registered Nursing Services (Section 14)
- Ambulance Services (Section 5)
- Ambulatory Care Clinic Services (Section 3)
- Ambulatory Surgical Center Services (Section 4)
- Behavioral Health Services (Section 65)
- Chiropractic Services (Section 15)
- Community Support Services (Section 17)
- Day Health Services (Section 26)
- Dental Services (Section 25)
- Family Planning Agency Services (Section 30)
- Federally Qualified Health Center Services (Section 31)
- Free Standing Dialysis Services (Section 7)
- Health Home Services- Community Care Teams (Section 91)
- Home Health Services (Section 40)
- Hospice Services (Section 43)
- Hospital Services (Section 45)
- Laboratory Services (Section 55)
- Medical Imaging Services (Section 101)
- Medical Supplies and Durable Medical Equipment (Section 60)
- Occupational Therapy Services (Section 68)
- Pharmacy Services (Section 80)
- Physical Therapy Services (Section 85)
- Physician Services (Section 90)
- Podiatric Services (Section 95)
- Primary Care Plus Services (Policy Chapter VI, Section 3)
- Private Duty Nursing and Personal Care Services (Section 96)
- Psychiatric Facility Services (Section 46)
- Rehabilitative Services (Section 102)
- Rural Health Clinic Services (Section 103)
- Speech and Hearing Services (Section 109)
- Transportation Services (Section 113)
- Vision Services (Section 75)

Home and Community Based Services for Adults with Other Related Conditions Waiver (Policy Section 20)

This full benefit package is for members aged 21 years and older with Cerebral Palsy, epilepsy, or any other condition other than mental illness that requires treatment similar to members with Intellectual Disabilities. Members must meet the criteria to receive services from an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF-IID).

This benefit package includes Policy Section 20, Home and Community Based Services for Adults with Other Related Conditions.

The policy sections are numbered so that you can find them in the MaineCare Benefits Manual (MBM) at: <https://www.maine.gov/sos/cec/rules/10/ch101.htm>.

Policy Section 20 services that may be covered include:

- Assistive Technology Device and Services
- Care Coordination
- Communication Aids
- Community Support
- Consultation and Assessment
- Employment Specialist
- Home Accessibility Adaptations
- Home Support
- Non-Medical Transportation
- Non-Traditional Communication Assessment
- Non-Traditional Communication Consultation
- Occupational Therapy Service for maintenance
- Personal Care
- Physical Therapy Service for maintenance
- Specialized Medical Equipment
- Speech Therapy Service for maintenance
- Work Support

In addition, this benefit package may include (with MBM Policy Section listed):

- Advanced Practice Registered Nursing Services (Section 14)
- Ambulance Services (Section 5)
- Ambulatory Care Clinic Services (Section 3)
- Behavioral Health Services (Section 65)
- Chiropractic Services (Section 15)
- Community Support Services (Section 17)
- Day Health Services (Section 26)
- Dental Services (Section 25)
- Family Planning Agency Services (Section 30)
- Federally Qualified Health Center Services (Section 31)

-
- Free Standing Dialysis Services (Section 7)
 - Health Home Services- Community Care Teams (Section 91)
 - Home Health Services (Section 40)
 - Hospice Services (Section 43)
 - Hospital Services (Section 45)
 - Laboratory Services (Section 55)
 - Medical Imaging Services (Section 101)
 - Medical Supplies and Durable Medical Equipment (Section 60)
 - Occupational Therapy Services (Section 68)
 - Pharmacy Services (Section 80)
 - Physical Therapy Services (Section 85)
 - Physician Services (Section 90)
 - Podiatric Services (Section 95)
 - Primary Care Plus Services (Policy Chapter VI, Section 3)
 - Private Duty Nursing and Personal Care Services (Section 96)
 - Psychiatric Facility Services (Section 46)
 - Rehabilitative Services (Section 102)
 - Rural Health Clinic Services (Section 103)
 - Speech and Hearing Services (Section 109)
 - Transportation Services (Section 113)
 - Vision Services (Section 75)

Inmates or Prison Coverage, Exception to Full Benefit Package

MaineCare only covers inpatient services for individuals involuntarily confined in a public institution, state or federal prison, jail, detention facility, or penal facility. Services received when in the public institution are not covered by MaineCare.

This package covers only inpatient services in:

- Hospitals
- Intermediate Care Facilities for individuals with intellectual disabilities
- Nursing facilities
- Juvenile psychiatric facilities

Limited Benefit Packages

These benefit packages are for:

- Special Benefit Waiver
- Pregnant women who are presumptively eligible
- Limited family planning benefits

-
- Emergency Services

MaineCare pays for medically necessary services. The services covered depends on your MaineCare eligibility category. MaineCare may not cover all services listed. If you are not sure what services are covered, call MaineCare Member Services at 1-800-977-6740. TTY users dial 711. Make sure MaineCare covers the service you need before you get care. There are limits or special rules for most covered services. The policy sections are numbered so that you can find them in the MaineCare Benefits Manual (MBM) at: <https://www.maine.gov/sos/cec/rules/10/ch101.htm>.

Special Benefit Waiver or HIV Waiver

The Special Benefit Waiver is a limited MaineCare benefit for individuals living with HIV or AIDS who do not qualify for full MaineCare benefits because they are over the income limit or do not have a coverage group.

Who is eligible?

You are eligible if you:

- Test positive for HIV
- Do not qualify for regular MaineCare
- Are within the income limits, a gross individual income less than or equal to 250% of the Federal Poverty Level
- Sign a consent form with the application that states you agree to the rules for getting this benefit

See the MaineCare Eligibility Guidelines document for the income limits for the Special Benefits Waiver on the Health Care Assistance webpage at: <https://www.maine.gov/dhhs/ofi/programs-services/health-care-assistance>. You may be eligible for the Special Benefits Waiver if your monthly income before you pay taxes is up to your household size listed. If you are close to the income limits, you should go to the My Maine Connection online portal or contact the Office for Family Independence (OFI) to apply because some of your income may not count toward this limit.

If you have Medicare or other health insurance, you may still qualify. If you are currently enrolled in MaineCare you do not need to apply for this benefit.

If eligible, members may be charged copayments and a monthly premium based on their income. See the Limited Benefits webpage for the Special Benefit Waiver pamphlet for more information about who qualifies and what this program covers at: <https://www.maine.gov/dhhs/oms/mainecare-options/limited-benefits>.

The goal of the waiver is to improve the health status of individuals living with HIV/AIDS in Maine by:

- Improving access to continuous health care services.
- Slowing the disease progress of HIV/AIDS by providing early, high-quality care while being cost efficient.

Some of the services covered may include:

- Ambulance rides
- Behavioral health and substance abuse services
- Case management
- Hospital, inpatient and outpatient
- Laboratory and X-ray
- Medications
- Physician, physician assistant and nurse practitioner
- Transportation

For more information contact the Special Benefit Waiver Nurse Coordinator at 1-866-796-2463 ext. 44008 or 207-624-4008. TTY users dial 711.

Pregnant People Who Are Presumptively Eligible

Pregnant people can have prenatal care for up to 12 months, beginning the date their health care provider finds them eligible. To get care for the rest of the pregnancy, the person must apply for MaineCare and be found eligible by the DHHS eligibility office.

Some of the services covered may include:

- Independent lab and x-ray services
- Physician services
- Prescription drugs
- Other pregnancy-related services
- Outpatient hospital services
- Rural health clinic services

Limited Family Planning Benefit

This benefit covers services for members wishing to prevent or delay pregnancy or regulate the number of children and timing of pregnancies. To qualify, you must not be pregnant.

Individuals are eligible when they have all the following criteria:

- Are not pregnant
- Have income that is at or below 209% of the Federal Poverty Level (FPL)
- Any additional criteria for the benefit required under the MaineCare Eligibility Manual

Some of the services covered may include limited (with MBM Policy Section listed):

- Physician Services (Section 90)
- Rural Health Clinic Services (Section 103)
- Federally Qualified Health Center (Section 31)
- Indian Health Services (Section 9)
- Laboratory (Section 55)
- Pharmacy (Section 80)
- Hospital (Section 45)

Coverage for Individuals who are not Citizens or have no Documents from the U.S. Department of Homeland Security

Federally Non-Qualified Children under 21 and People who are Pregnant

Beginning on July 1, 2022, MaineCare offers full coverage to:

- Children under 21 years of age who would be otherwise eligible for federal Medicaid benefits but are not eligible due to their immigration status
- Adults who are 21 years of age or older and are pregnant who would otherwise be eligible for federal Medicaid benefits but are not eligible due to their immigration status

Emergency Services (also called Emergency MaineCare)

This limited benefit package is for people who are not citizens or have no documents from the U.S. Department of Homeland Security, and are not pregnant or under 21 years of age.

The only covered service is emergency medical services to stabilize an emergency condition. Any further treatment after the emergency is stabilized is not covered. Labor and delivery are also covered.

Who determines if I am eligible for MaineCare?

The Office for Family Independence (OFI) determines eligibility for MaineCare and other benefits. These benefits have certain requirements for non-citizens.

How does the OFI eligibility office determine my immigration status?

OFI uses the U.S. Citizenship and Immigration Services (USCIS) Systematic Alien Verification for Entitlements Program (SAVE) system to verify immigration status.

When is OFI unable to verify my immigration status?

OFI is unable to verify immigration status for an individual who:

- Intends to apply for Asylum but has not yet done so, or
- Has sent an application to USCIS but the application status is not showing in SAVE as received and pending.

Who can I call with questions about my eligibility for MaineCare?

Contact the OFI eligibility office with questions about your MaineCare eligibility at: 1-855-797-4357. TTY users dial 711.

What services am I eligible for if OFI cannot verify my immigration status?

If you do not have a verifiable status in the SAVE system, you are **not** eligible for **full** benefits in any program. If you have no verifiable immigration status, you may be eligible for “Emergency Services Only” through MaineCare if you:

1. Meet financial eligibility requirements, and
2. Meets all other qualification for the MaineCare program (e.g., age, disability, residency, etc.).

Rules for these coverage groups are listed in the MaineCare Eligibility Manual, available online at <https://www1.maine.gov/sos/cec/rules/10/ch332.htm>.

What if I am over 21 and not pregnant, what services may I receive from MaineCare?

If you are over age 21 and not pregnant, you may receive emergency services. “Emergency” services may or may not be provided in a hospital emergency room.

Emergency services are provided when without medical attention it is expected that there is:

1. Serious jeopardy to your health;
2. Serious damage to your bodily functions; or
3. Serious dysfunction of any of your bodily organ or part.

Examples of services that are not considered an emergency medical condition include, but are not limited to: dialysis, organ transplants, school-based services, personal care services, waiver services, nursing facility services and hospice services.

An explanation of covered benefits is available at <https://www.maine.gov/sos/cec/rules/10/ch101.htm>, Chapter 1, Section 1.02-4(D).

Who can answer questions about MaineCare Emergency Services Only coverage?

MaineCare members with Emergency Services Only coverage should contact MaineCare Member Services at 1-800-977-6740 with questions.

Long-Term Care Benefits

These benefit packages are for the following eligibility categories:

- Residents of Nursing Facilities
- Residents of Residential Care Facilities

Residents of Nursing Facilities

This benefit package is for members living in a nursing home. This benefit package is for Policy Section 67, Nursing Facility Services. These services include the cost of the room, food, nursing care, routine supplies, and equipment provided by the nursing home.

The policy sections are numbered so that you can find them in the MaineCare Benefits Manual (MBM) at: <https://www.maine.gov/sos/cec/rules/10/ch101.htm>.

In addition, this benefit package may include the following services if the nursing home is not responsible for providing them (with MBM Policy Section listed):

- Advanced Practice Registered Nursing Services (Section 14)
- Ambulance Services (Section 5)
- Ambulatory Care Clinic Services (Section 3)
- Behavioral Health Services (Section 65)
- Chiropractic Services (Section 15)
- Community Support Services (Section 17)
- Dental Services (Section 25)
- Family Planning Agency Services (Section 30)
- Federally Qualified Health Center Services (Section 31)
- Free Standing Dialysis Services (Section 7)
- Home Health Services (Section 40)
- Hospice Services (Section 43)
- Hospital Services (Section 45)
- Laboratory Services (Section 55)
- Medical Imaging Services (Section 101)
- Medical Supplies and Durable Medical Equipment (Section 60)
- Occupational Therapy Services (Section 68)
- Pharmacy Services (Section 80)

-
- Physical Therapy Services (Section 85)
 - Physician Services (Section 90)
 - Podiatric Services (Section 95)
 - Primary Care Plus Services (Chapter VI, Section 3)
 - Rehabilitative Services (Section 102)
 - Rural Health Clinic Services (Section 103)
 - Speech and Hearing Services (Section 109)
 - Transportation Services (Section 113)
 - Vision Services (Section 75)

Residents of Residential Care Facilities

This benefit package is for people living in residential care facilities that provide assisted living services. Examples of residential care facilities are apartments or small adult family care homes.

The policy sections are numbered so that you can find them in the MaineCare Benefits Manual (MBM) at: <https://www.maine.gov/sos/cec/rules/10/ch101.htm>.

Services that may be covered include (with MBM Policy Section listed):

- Advanced Practice Registered Nursing Services (Section 14)
- Ambulance Services (Section 5)
- Ambulatory Care Clinic Services (Section 3)
- Behavioral Health Services (Section 65)
- Chiropractic Services (Section 15)
- Community Support Services (Section 17)
- Dental Services (Section 25)
- Developmental and Behavioral Clinic Services (Section 23)
- Family Planning Agency Services (Section 30)
- Federally Qualified Health Center Services (Section 31)
- Free Standing Dialysis Services (Section 7)
- Home Health Services (Section 40)
- Hospice Services (Section 43)
- Hospital Services (Section 45)
- Laboratory Services (Section 55)
- Medical Imaging Services (Section 101)
- Medical Supplies and Durable Medical Equipment (Section 60)
- Occupational Therapy Services (Section 68)
- Pharmacy Services (Section 80)
- Physical Therapy Services (Section 85)
- Physician Services (Section 90)
- Podiatric Services (Section 95)
- Primary Care Plus Services (Policy Chapter VI, Section 3)
- Early and Periodic Screening, Diagnosis and Treatment Services (EPSDT) (Section 94)

-
- Private Duty Nursing and Personal Care Services (Section 96, Level VIII nursing services only)
 - Psychiatric Facility Services (Section 46)
 - Rehabilitative Services (Section 102)
 - Rural Health Clinic Services (Section 103)
 - Speech and Hearing Services (Section 109)
 - Targeted Case Management Services (Section 13)
 - Transportation Services (Section 113)
 - Vision Services (Section 75)

Information about your MaineCare Benefits

For questions about what services MaineCare covers, call MaineCare Member Services at 1-800-977-6740.

For more information about MaineCare policies, see the MaineCare Benefits Manual online at: <https://www.maine.gov/sos/cec/rules/10/ch101.htm>.

Chapter 10: Helpful Addresses, Telephone Numbers, and Websites

DHHS Eligibility, Office for Family Independence (OFI)

How can I:

- Apply for benefits?
- Ask about eligibility?
- Tell OFI about my household or income changes?

You can:

- Go to My Maine Connection to see if you are eligible or to apply online for MaineCare. The web address is: <https://www.mymaineconnection.gov>
- Print an application by going to this web address: <https://www.maine.gov/dhhs/ofa/applications-forms>. You can then mail it to: 114 Corn Shop Lane, Farmington, ME 04938.
- Call 1-855-797-4357; TTY users, dial 711.
- Visit a local DHHS - Office for Family Independence (OFI). Go to the following web address to see the list district office addresses: <https://www.maine.gov/dhhs/about/contact/offices>. DHHS offices are located throughout the state. To see what office your town is assigned to, go to the Office Finder webpage at: http://gateway.maine.gov/dhhs-apps/office_finder/index.asp.

At My Maine Connection, you can:

- Apply for MaineCare
- Apply for Food Supplemental Nutritional Assistance Program (SNAP)
- Apply for Temporary Assistance for Needy Families (TANF)
- Apply for Child Care Subsidy
- Apply for Medicare Savings Program
- Update your information
- Complete your annual review

MaineCare Member Services

Contact MaineCare Member Services to find out what services are covered by MaineCare or to ask questions about your benefit.

Phone: 1-800-977-6740. TTY users dial 711.

Office hours are Monday through Friday from 7:00 AM to 6:00 PM.

Email: mainecaremember@gainwelltechnologies.com

Contact MaineCare Member Services if you have questions about:

- What MaineCare pays for
- How much you pay for services (“copays”)
- Primary Care Plus (PCPlus)
- Getting approval for certain services
- A bill from a provider
- Finding a MaineCare provider
- Getting a ride to a doctor’s appointment
- Disagreeing with a MaineCare decision to reduce or deny services

Website: <https://www.maine.gov/dhhs/oms/member-resources>

Pharmacy Help Desk

The Pharmacy Help Desk can answer questions about prescription drug benefits, mail order options, and generic drugs. They can help you understand your drug benefit. For questions call 1-866-796-2463. TTY users dial 711.

Behavioral Health-related Services accessible through MaineCare

The Office of MaineCare Services (OMS) is excited to partner with Bamboo Health to offer a behavioral health service locator tool for Maine, called Treatment Connection®:

[TreatmentConnection.com](https://treatmentconnection.com)

This tool, offered at no cost to the public, will improve access to treatment for substance use disorders and mental health issues. At Treatment Connection®, you can:

- **Search** for treatment facilities near you and filter the results based on your specific needs.
- **Learn** about the different types of treatment options and take a substance use disorders interactive assessment to see which is right for you.
- **Reach out** anonymously to treatment facilities and express interest in getting help through our online portal.

It currently includes 99 services, within a wide array of service types, with more being added. If you or a loved one are seeking treatment for substance use disorders or mental health, check out [Treatment Connection](https://treatmentconnection.com)® today!

Transportation Brokers

Transportation brokers are companies that schedule rides for you to MaineCare-covered service appointments. Locate your county or town information in the table to find out who you should contact for transportation services.

If you live in:	Your contact is:
Androscoggin County – All Towns	Your broker is Modivcare, formerly LogistiCare. You can call them at 1-855-608-5180 or submit requests online at https://modivcare.com/ .

If you live in:	Your contact is:
Aroostook County – All Towns	Your broker is Modivcare, formerly LogistiCare. You can call them at 1-855-608-5174 or submit requests online at https://modivcare.com/ .

How to Report a Transportation Complaint

To file a complaint, contact the broker in your region using the phone number listed above. If you would like a response from the broker, you must request a follow up call. If you do not receive a satisfactory response call Member Services at 1-800-977-6740, TTY users dial 711, and request to file a complaint against the broker.

Maine Center for Disease Control and Prevention

The Maine Center for Disease Control and Prevention (Maine CDC) website has information about staying healthy and preventing illness.

Website: <https://www.maine.gov/dhhs/mecdc/>

Maine Breast and Cervical Health Program

The Maine Breast and Cervical Health Program (MBCHP) is a program of the Maine CDC that pays for breast and cervical screenings for women who qualify. Screenings covered by the program may include breast exams, mammograms, or pap tests.

Address:

Maine CDC Breast and Cervical Health Program
DHHS/Maine CDC/Division of Population Health
286 Water Street, Key Plaza Building - 4th Floor
11 State House Station
Augusta, ME 04333-0011
Phone: 1-800-350-5180

Website: <http://www.maine.gov/dhhs/mecdc/population-health/bcp/>

The Women, Infants, and Children Program

The Women, Infants, and Children (WIC) Program is a public health program run by Maine CDC that provides low-cost healthy foods, nutritional education, breastfeeding promotion, and support and referrals to other services to women, infants and children who are at nutrition risk. The program is designed for people to enroll during pregnancy and for children to remain enrolled until their fifth birthday. WIC is complete nutrition care.

Here are some key points you may not be aware of:

- WIC serves people who are pregnant (in any trimester), who are breastfeeding, or who had a baby in the last six months.
- WIC serves infants and children up to the age of five, including adopted and foster children.
- Fathers may apply for their children.
- WIC serves anyone living in Maine meeting these criteria, no matter the person's immigration status.

See the WIC website at <https://www.maine.gov/wic> for more information or call 1-800-437-9300.

Community Resources

211 Maine

211 Maine is a free and confidential information and referral service that connects people of all ages across Maine to local services. 211 is available 24 hours a day, seven days a week. You can reach 211 via phone, text, email, or by searching our online database.

211 is known as the resource where people go when they don't know where else to go. Whether it's financial assistance, domestic violence, addiction treatment, health care, mental health, or heating and utilities assistance, 211 Maine specialists will talk to you to find out what you need and walk you through all the options to find the right service or program for you.

Child Development Services

The Child Development Services (CDS) system is an Intermediate Educational Unit that provides both Early Intervention (birth through two years) and Free Appropriate Public Education (for ages three through five years) under the supervision of the Maine Department of Education. The CDS system ensures the provision of special education rules, federal and state regulations statewide, through a network of regional sites.

Address:

Maine Department of Education

23 State House Station

Augusta, ME 04333-0023

Phone: (207) 624-6600

TTY: Dial 711

Website: <https://www.maine.gov/doe/learning/cds>

Consumers for Affordable Health Care

Consumers for Affordable Health Care is a nonprofit organization based in Maine that works to help Maine people access quality health care. They do not sell insurance, and they are not a government office. Their Consumer Assistance Helpline is a free service for everyone in Maine. The line can help you:

- Find health coverage you can afford
- Understand your health coverage options
- Enroll in MaineCare and related programs
- Understand your health coverage
- File an appeal or complaint or mediate a dispute
- Find programs to help with health care and drug costs

All calls are confidential.

Helpline: 1-800-965-7476

TTY: 1-877-362-9570

Website: www.maine cahc.org

Consumer Council System of Maine

The Consumer Council System of Maine (CCSM) advocates for consumers of mental health services in Maine. CCSM provides an independent and effective consumer voice on mental health public policy, services, and funding decisions.

Website: <https://maineccsm.org/>

Address: 219 Capital Street, Suite 7, Augusta, ME 04330

Phone: (207) 430-8300

Toll-free: 1-877-207-5073

Email: info@maineccsm.org

Disability Rights Maine

Disability Rights Maine (DRM) is Maine's protection and advocacy agency for people with disabilities. They provide the following services:

- Information and referral
- Individual advocacy
- Legal representation
- Education and training
- Assistance with self-advocacy

Website: <https://drme.org/>

Address: 24 Stone Street, Suite 204, Augusta, ME 04330-5209

Phone for voice or TTY: (207) 626-2774 or 1-800-452-1948

EqualityMaine

EqualityMaine works to secure full equality for lesbian, gay, bisexual, and transgender people in Maine since 1984.

Website: <https://www.equalitymaine.org/>

Mailing Address: P.O. Box 1951, Portland, ME 04104

Family Planning

Maine's Family Planning health centers provide a full range of reproductive health care services, including pregnancy tests and options counseling, birth control (including emergency contraception), STD testing and treatment, pap smears, and annual exams. Family Planning services are available to teens and adults of any gender. Referrals are not required, and same-day and next-day appointments are often available. Family Planning health centers accept MaineCare, private insurance, and offer a sliding scale fee for those paying out of pocket.

Website: <https://mainefamilyplanning.org/for-patients/find-a-clinic/>

Phone: (207) 622-7524

From the First Tooth

From the First Tooth is a pediatric oral health initiative promoting the oral health of infants, toddlers and preschool children in primary care in the State of Maine. All babies and toddlers ages six months to three and a half years should have their teeth checked and have fluoride varnish applied if needed by a dentist or healthcare provider.

Website: <https://www.fromthefirsttooth.org/>

Let's GO!

Let's Go! is a community engagement initiative working with communities to create environments that support healthy choices. Help your kids eat healthy and be active. Follow these numbers everyday: **5** - five or more fruits and vegetables, **2** - two hours or less of TV or computer time, **1** - one hour or more of physical activity, **0** - zero sugary drinks, more water and low-fat milk.

Website: <https://www.mainehealth.org/lets-go/>

Immigrant Legal Advocacy Project

The Immigrant Legal Advocacy Project (ILAP) helps low-income immigrants improve their legal status and works for more just and humane laws and policies affecting immigrants. As Maine's only state-wide immigration legal services organization, ILAP advances justice and equity for immigrants and their families through direct legal services, community education, and systemic advocacy.

Website: <https://ilapmaine.org/>

Phone: (207) 780-1593 ext. 0

Lead Testing

Lead is a toxin that can be especially harmful to children under the age of 6. Before the risk to young children was known, it was used in many products. Lead poisoning can cause behavior problems, learning disabilities, hearing damage, speech delays, and lower intelligence. Most young children with lead poisoning do not look or act sick. The only way to tell for sure if your child has lead poisoning is to have their blood tested.

- Children ages 1 and 2 years old: All children should be tested for lead poisoning at both 1 and 2 years of age.
- Children ages 3 to 5 years old: Should be tested if they haven't been tested before or if they are at risk.
- Talk to your child's doctor to make sure your child is tested.

Dust from lead paint in older homes is the most common cause of childhood lead poisoning in Maine. If you live in a home built before 1950 and have children under age 6 years, you can order a free lead dust test kit. This will help you find out if you have lead dust in your home.

Populations at greatest risk:

- Recent immigrants or international adoptees

-
- Children whose parents immigrated to the U.S.
 - Children with pica behavior, which is cravings to eat nonfood items
 - Children with neurodevelopmental disabilities or conditions such as autism that put them at higher risk for hand-to-mouth behavior
 - Children entering foster care

For more information and to order a free lead dust test kit

- <https://www.maine.gov/dhhs/mecdc/environmental-health/eohp/lead/parents.shtml>
 - Toll Free in Maine: 866-292-3474, TTY call Maine Relay 711
-

For more information, call MaineCare Member Services at **1-800-977-6740**.

If you are deaf or hard of hearing and have a TTY machine, call Maine Relay 711.

Legal Services for the Elderly

For help with legal matters, call 1-800-750-5353. They will help you or send you to a local office. If you are deaf or hard of hearing and have a TTY machine, call 1-800-750-5353. You can also visit their website at: <http://www.mainelse.org>.

Chapter 11: Terms and Definitions

B

Benefit Package

A package of covered services available through MaineCare.

C

Copay, Copayment

The amount some MaineCare members must pay to the provider at the time the service is provided.

Cost of Care

The amount some members pay for their care in a facility, like a nursing facility or for a waiver program.

Covered Services

Services paid for by MaineCare, such as doctor visits, hospital visits, and medications.

D

DEL (Drugs for the Elderly and Disabled)

This benefit helps disabled and elderly people get prescription drugs at a reduced price. It is not MaineCare.

Dual Eligible

MaineCare members who are eligible for MaineCare and Medicare.

E

Eligibility Specialist

A staff person at the Maine Department of Health and Human Services Office for Family Independence (OFI) who reviews applications and decides if you are eligible for MaineCare and other programs.

Emergency

An emergency is any physical or behavioral health problem that an ordinary person would think could cause serious harm, or death, if not treated quickly.

EPSDT

Early and Periodic Screening, Diagnosis and Treatment Services (EPSDT) Services for members under age 21 that are not usually covered by MaineCare but can be covered if certain conditions exist.

K

Katie Beckett

Under this program children with special health needs can access MaineCare coverage even if their family income is higher than MaineCare's usual standards.

M

MaineCare

MaineCare is a name for Maine’s Medicaid program. It is a partnership between the federal and state governments. The Maine Legislature makes some decisions about eligibility and coverage.

Maine Rx Plus

This benefit helps people get prescription drugs at a reduced price. It is not MaineCare.

Medicaid

A public health insurance program. It is jointly funded by federal and state governments and administered by the states. In Maine, the Medicaid program is called “MaineCare.”

Medical Assessment

A set of tests and measures, the results of which are used to decide if a member needs certain services.

Medicare

The health insurance program managed by the Social Security Administration for individuals age 65 and older, people who have received social security disability benefits for 24 months in a row, or people who have end-stage kidney disease (renal failure.)

Member

A person enrolled in MaineCare.

Member Services

Answers questions for people enrolled in MaineCare.

P

Prior Authorization (PA)

A process by which services are pre-approved by MaineCare.

Primary Care Provider (PCP)

A doctor, physician’s assistant, nurse practitioner, or a health care clinic that you choose to manage your health care.

Provider

A person or agency that provides medical care.

R

Referral

Approval from your primary care provider to get care management services from another provider or specialist.

S

Social Security Disability Income (SSDI) and Supplemental Security Income (SSI)

These are Social Security Administration programs that provide cash benefits for low-income people who are disabled or age 65 and over.

Specialist

A health care provider who deals with one area of health care, such as a cardiologist (heart doctor).
