MAINE REVENUE SERVICES P.O. BOX 1060 AUGUSTA, ME 04332-1060 **Standard deduction amount. 36 M.R.S. § 5124-C.** For tax years beginning on or after January 1, 2018, the Maine standard deduction amount is equal to the federal standard deduction amount, including the additional standard deduction amount for age/blindness.

Standard/itemized deduction amount phaseout. 36 M.R.S. §§ 5124-C(2) and 5125(7). For tax years beginning on or after January 1, 2018, the amount at which the standard deduction and itemized deduction begins to phaseout is increased to \$80,000 for single individuals and married persons filing separate returns, \$120,000 for individuals filing as heads of household, and \$160,000 for individuals filing married joint returns or as a surviving spouse. The deduction amount is fully phased out for taxpayers whose Maine adjusted gross income is more than \$155,000 for single individuals filing as heads of household, and \$310,000 for individuals filing joint returns or as a surviving spouse. For tax years beginning after 2018, the \$80,000, \$120,000 and \$160,000 amounts will be adjusted for inflation.

Itemized deduction amount. 36 M.R.S. § 5125(3)(A-1). For tax years beginning on or after January 1, 2018, the Maine itemized deduction may be increased by the amount of real and personal property taxes not claimed for federal income tax purposes because of the \$10,000 limitation (\$5,000 for married taxpayers filing separate returns) applicable to those taxes.

Personal exemption. 36 M.R.S. § 5126-A. For tax years beginning on or after January 1, 2018, the Maine personal exemption that may be claimed by the taxpayer is equal to \$4,150 (\$8,300 if married filing jointly). The exemption may not be claimed for a taxpayer or a taxpayer's spouse who is claimed as a dependent on another taxpayer's return. The personal exemption amount is subject to phaseout for taxpayers whose Maine adjusted gross income is more than \$266,700 for single individuals; \$293,350 for individuals filing as heads of household; \$320,000 for individuals filing married joint returns or surviving spouses; and one-half of the amount applicable to married joint filers for married individuals filing separate returns. For tax years beginning after 2018, the personal exemption and the phaseout amounts will be adjusted for inflation.

Dependent exemption tax credit. 36 M.R.S. § 5219-SS. For tax years beginning on or after January 1, 2018, eligible taxpayers may claim a tax credit up to \$300 for each qualifying child and dependent of the taxpayer for whom the federal child tax credit pursuant to the Internal Revenue Code, Section 24 was claimed for the same taxable year. The credit for nonresidents is limited to the taxpayer's ratio of Maine source income to federal adjusted gross income. For part-year residents, the credit is prorated based on the ratio of the taxpayer's Maine income (Maine adjusted gross income during the period of Maine residency plus Maine source income during the period of nonresidency) to federal adjusted gross income. The credit is not refundable. The credit is subject to phaseout for taxpayers whose Maine adjusted gross income exceeds \$400,000 for married taxpayers filing jointly and \$200,000 for all other taxpayers.

Sales tax fairness credit. 36 M.R.S. § 5213-A. For tax years beginning on or after January 1, 2018, the sales tax fairness base credit amount is determined by the filing status and number of dependents claimed under the federal child tax credit rather than the number of exemptions claimed by the taxpayer. Also, the definition of income is changed to reflect the repeal of the federal domestic production activities deduction. Taxpayers who may be claimed as a dependent on another person's return do not qualify for the credit. For tax years beginning after 2018, the base credit amounts will be adjusted for inflation.

Property tax fairness credit. 36 M.R.S. § 5219-KK. For tax years beginning on or after January 1, 2018, the property tax fairness credit is increased to 100% of the benefit base that is greater than 6% of the individual's income. The maximum credit amount is increased to \$750, or \$1,200 for individuals 65 years of age and older. The definition of benefit base is changed to \$2,050 for persons filing as single individuals, \$2,650 for individuals filing as heads of household that claim the federal child tax credit for no more than one qualifying child or dependent and for persons filing joint returns, or, \$3,250 for individuals filing as heads of household that claim the federal child tax credit for more than one qualifying child or dependent and for persons filing joint returns that claim the federal child tax credit for at least one qualifying child or dependent. The definition of income is changed to reflect the repeal of the federal domestic production activities deduction. For tax years beginning after 2018, the benefit base amounts will be adjusted for inflation.

Homestead modifications tax credit. 36 M.R.S. § 5219-PP(4). For tax years beginning on or after January 1, 2018, the credit for homestead modifications, also referred to as the AccessAble Home tax credit, must be claimed in the tax year during which the certification of eligibility is issued by the Maine State Housing Authority. Credits claimed after 2017 may not include qualified expenditures for which a credit has previously been claimed.

Employer credit for family and medical leave. 36 M.R.S. § 5219-UU. For tax years beginning in 2018 and 2019, eligible taxpayers may claim a credit equal to the federal credit for employer-paid family and medical leave under Internal Revenue Code, Section 45S as a result of wages paid to employees based in Maine during the taxable year. The credit is not refundable and unused credit amounts may not be carried over to any other tax year.

Domestic production activities addition modification. 36 M.R.S. § 5122(1)(X). For tax years beginning on or after January 1, 2018, the income addition modification equal to the taxpayer's federal deduction relating to income attributable to domestic production activities is repealed. The related federal deduction is repealed.

MainePERS pick-up contributions subtraction modification. 36 M.R.S. § 5122(2)(E). For tax years beginning on or after January 1, 2018, pick-up contributions distributed to the taxpayer by the Maine Public Employees Retirement System in the form of a rollover may be subtracted from Maine income fully or in part during the tax year of the rollover. Any amount not subtracted in the tax year of the rollover may be subtracted within the two tax years immediately following the year of the rollover, except that the total amount subtracted over the threeyear period may not exceed the pick-up contributions that have been previously taxed by Maine.

Medical use of marijuana business expense subtraction modification. 36 M.R.S. § 5122(2)(PP). For tax years beginning on or after January 1, 2018, a deduction may be claimed for expenses related to carrying on a trade or business as a registered caregiver or a registered dispensary, in an amount equal to the deduction that would otherwise be allowable for Maine purposes to the extent the deduction was disallowed under Internal Revenue Code, Section 280E.

Net operating loss subtraction modification. 36 M.R.S. § 5122(2) (**PP**). For tax years beginning on or after January 1, 2018, a net operating loss deduction is allowed on the Maine return equal to the amount of net operating loss carryforward disallowed for the taxable year for federal tax purposes under the Internal Revenue Code, Section 172(a)(2). The modification may not reduce Maine taxable income below zero and may not have been previously used to reduce Maine taxable income.

What is my Residence Status?

To determine your residency status for 2018, read the following.

Domicile: Domicile is the place an individual establishes as his or her permanent home and includes the place to which he or she intends to return after any period of absence. A number of factors associated with residency are relevant in the evaluation of a claimed domicile. A domicile, once established, continues until a new, fixed and permanent home is acquired. To change domicile, a taxpayer must exhibit actions consistent with a change. No change of domicile results from moving to a new location if the intent is to remain only for a limited time, even if it is for a relatively long duration.

- Full-Year Resident: 1) Maine was my domicile for the entire year of 2018; or 2) I maintained a permanent place of abode in Maine for the entire year and spent a total of more than 183 days in Maine.
- "Safe Harbor" Resident (treated as a nonresident):

General Safe Harbor - Maine was my domicile in 2018, I did not maintain a permanent place of abode in Maine, I maintained a permanent place of abode outside Maine and I spent no more than 30 days of 2018 in Maine. Individuals qualifying under the safe harbor rule will be treated as a nonresident for Maine individual income tax purposes. **File Form 1040ME and Schedule NR or NRH.**

Foreign Safe Harbor - I spent at least 450 days in a foreign country during any 548-day period occurring partially or fully in the tax year. The taxpayer must also meet other eligibility criteria. If you qualify for the Foreign Safe Harbor, you will be considered a "Safe Harbor" Resident and treated as a nonresident for the 548-day period even though you were domiciled in Maine.

- Part-year Resident: I was domiciled in Maine for part of the year and was not a full-year resident as defined in 2) above. File Form 1040ME and Schedule NR or NRH.
- Nonresident: I was not a resident or part-year resident in 2018, but I do have Maine-source income. Follow the federal filing requirements for filing status, federal adjusted gross income, and standard or itemized deductions. File Form 1040ME and Schedule NR or NRH.

Line 1a. Enter the income from municipal and state bonds, other than Maine, that is not included in your federal adjusted gross income (i.e., enter bond interest from City of New York but not Portland, Maine).

Line 1b. Net Operating Loss Recovery Adjustment. Enter on this line any amount of federal net operating loss carry forward that has been previously used to offset Maine addition modifications. For more information, go to <u>www.maine.gov/revenue/forms</u> (select *Income Tax Guidance Documents*).

Line 1c. Enter 2018 Maine Public Employees Retirement System contributions. See your Maine W-2 form.

Lines 1d and 1e. BONUS DEPRECIATION ADD-BACK. Lines 1d and 1e relate to Maine's decoupling from the federal special depreciation deduction through IRC § 168(k), commonly known as bonus depreciation. To calculate the amount to enter on these lines, complete a pro forma federal Form 4562 as if no bonus depreciation was claimed on the property placed in service in tax year 2018. The total addition modification is the difference between the federal depreciation claimed on Form 4562 and the depreciation calculated on the proforma Form 4562. If any of the property placed in service in tax year 2018 is located in Maine and the Maine capital investment credit is claimed, the total addition modification must be divided between lines 1d and 1e. Otherwise, the entire addition must be entered on line 1d. Enclose copies of the original and pro forma federal Forms 4562, along with the add-back calculation, with the return.

NOTE: Include on <u>line 1d</u> any accelerated depreciation related to qualified improvement property (QIP) used to reduce federal adjusted gross income under the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act.

For more information, go to <u>www.maine.gov/revenue/forms</u> (select *Income Tax Guidance Documents*). Also, refer to the instructions for line 2h below.

Line 1d. BONUS DEPRECIATION ADD-BACK:* Enter on this line the total bonus depreciation add-back calculated above less the amount of Maine capital investment credit add-back from line 1e. Amounts entered on this line are eligible for the recapture subtraction modification on line 2h in future years.

Line 1e. MAINE CAPITAL INVESTMENT CREDIT BONUS DEPRECIATION ADD-BACK: The Maine capital investment credit is available to businesses that place depreciable property, except for QIP, in service in Maine during the taxable year beginning in 2018. Enter on this line the portion of the bonus depreciation add-back calculated above relating to property for which the Maine capital investment credit is claimed, based on original basis of property placed in service in tax year 2018. For example, if you purchased \$400,000 of eligible property and \$100,000 of that property is located in Maine and included in the credit base, the portion of the add-back to include on this line is \$100,000/\$400,000 or 25% of the total bonus depreciation add-back calculated above.

Property that is transferred out of state or disposed of within 12 months after being placed in service in Maine is not eligible for the Maine capital investment credit. Amounts claimed on this line are not eligible for the recapture subtraction modification on line 2h.

Line 2d. Enter the **pension income deduction** from the Worksheet for Pension Income Deduction, line 7. Include copies of your 1099 forms to verify the subtraction.

Line 2e. If included in federal adjusted gross income, enter interest from Maine municipal general obligation & private activity bonds and bonds issued by a Maine airport authority.

Line 2f. Use this line only if you retired after 1988 and are receiving retirement benefits from the Maine Public Employees Retirement System (MainePERS). Subtract the amount in box 14 from the amount in box 2a on Form 1099-R issued by MainePERS. Also enter on this line MainePERS rollover amounts previously taxed by the state, whether or not included in federal adjusted gross income. Rollover amounts may be subtracted fully or in part during the tax year of the rollover. For more information and examples, visit www.maine.gov/revenue/forms (select *Income Tax Guidance Documents*).

Medicare is subtracted. This amount can generally be found on federal Form SSA-1099 (see also federal Form 1040, line 5a). Also enter on this line the amount of railroad retirement benefits received. This amount can generally be found on federal Form RRB-1099 or RRB-1099-R.

These amounts can generally be found on the federal Form 1099 issued by the payer.

Line 1d. Wages, salaries, tips, etc. Enter the total amount of wages, salaries and other compensation that would be included in federal total income if you filed a federal income tax return. This amount is generally reported in box 1 of the federal Form W-2 or on the federal Form 1099 issued by the payer.

Line 1e. Other income. Enter alimony received; business income (but do not enter business losses); capital gains; other gains; any income from rental real estate, royalties, partnerships, S corporations, trusts, etc.; farm income; unemployment compensation; any other income that would be included in federal total income if you filed a federal income tax return. For more information on federal total income, see the federal income tax forms and instructions at www.irs.gov.

If you <u>do</u> file federal Form 1040:

Line 2a. Federal Total Income. Enter your federal total income from federal Form 1040, line 6. If filing Form 1040ME, Schedule NRH, enter the amount from Schedule NRH, line 1f, column B.

Line 2b. After completing line 3, if you are applying <u>only</u> for the Sales Tax Fairness Credit, skip to line 13.

Line 4. Property Tax. If you owned your home in Maine and lived in that home during 2018, enter the amount of property tax paid during 2018 on your house and house lot <u>up to 10 acres</u>. If your house is on land that is more than 10 acres, call your town or city assessor to get the tax on your house and the land up to 10 acres. Part-year residents - enter only the property tax amounts you paid for your home in Maine during the part of the tax year you were a Maine resident. Note: You may be asked to provide proof of the property tax paid before a refund is issued.

- Do not use the amount of property tax assessed; enter only the amount of tax actually paid on your home during 2018.
- Do not include amounts paid for interest or special assessments.
- Do <u>not</u> include property taxes on property other than your primary residence.
- Do not claim any property tax paid by others. If the home is jointly owned, enter only the property tax you paid. You can claim the tax you paid on your home even if you have transferred ownership to someone else under a legal agreement that allows you to continue to live in the home, but you can claim the tax on the home only for as long as you live in the home.
- Do <u>not</u> include taxes on any part of your home or property used exclusively for business. <u>For example</u>, you owned a two-story building. You lived upstairs and ran a store downstairs. You can claim one-half of the property tax you paid. Do not include property taxes claimed as a business expense on your federal tax return.
- Do <u>not</u> include taxes on any part of your home that serves as a separate dwelling. Include only the taxes paid for the part of the home you occupied as your primary residence. For example, your primary residence is one unit located in a three-unit dwelling. You can claim only one-third of the property tax paid.

Note: If you owned a home that was on rented land or vice-versa, you can include the property tax you paid during 2018 on line 4 and the rent you paid during 2018 on line 5a. For example, you owned a mobile home located in a park. Enter the property tax on your mobile home on line 4 and the lot rent you paid on line 5a.

Line 5a. Enter the total rent you paid for your home (principal residence) in Maine during 2018. If you moved during the tax year, include the rent you paid during the tax year to live in each home or apartment. Include Workfare payments received from your town used to pay your rent. Part-year residents - enter only rent amounts you paid on your home in Maine during the part of the tax year you were a Maine resident. Note: You may be asked to provide copies of rent receipts or canceled checks before a refund is issued.

- Do <u>not</u> include mortgage payments or room and board payments. Mortgage payments and room and board payments are not rent.
- · Do not include the rent amount paid by a government program.
- Do <u>not</u> include rent for any part of your home that was rented out to others. <u>For example</u>, you share an apartment with your sister. Each of you are equally responsible for one-half of the rent. Include only the amount of rent you paid to live in the apartment.
- Do <u>not</u> include rent for any part of your home used exclusively for business. <u>For example</u>, you rent a two-story building. You live in a 2nd floor apartment and run a business on the 1st floor. Claim only the portion of rent you paid for the right to live in the 2nd floor apartment.
- Do <u>not</u> include rent claimed as a business expense on your federal return.

Line 5c. If the rent you entered on line 5a includes an amount for heat, utilities, furniture or other similar items and you know the amount paid toward the heat, utilities, furniture or other similar items, enter the amount on line 5c. If your landlord cannot provide the amount you paid for heat, utilities, furniture or other similar items, multiply the amount on line 5a by 15% (.15) and enter the result on line 5c. If the rent entered on line 5a does not include an amount paid for heat, utilities, furniture or other similar items, enter 0 on line 5c.

Line 5d. Subtract line 5c from line 5a. The rent you paid can include only the amount paid for the right to live in your home, excluding amounts paid for heat, utilities, furniture or other similar items.

Line 13. Sales Tax Fairness Credit. See the tables below for your filing status (from Form 1040ME, lines 3 through 7).

- a)To find the credit, read down the "At least But not more than" columns and find the line that includes your Total Income from Schedule PTFC/STFC, line 3.

Example. If your filing status is **Head of Household**, your total income from Schedule PTFC/STFC, line 3 is **\$38,050**, and you claim **3 qualifying children and dependents**, enter \$75 on Schedule PTFC/STFC, line 13.

2018 - Worksheet for Pension Income Deduction - Schedule 1, Line 2d Enclose this worksheet <u>and</u> copies of your 1099 form(s) with Form 1040ME.

The benefits received under a United States military retirement plan, including survivor benefits, are fully exempt from Maine income tax. See line 6 of the worksheet below. Only military retirement pay received as a result of service in the United States Army, Navy, Air Force, Marines, or Coast Guard qualify for the military retirement deduction on line 6.

In addition, you and your spouse (if married) may each deduct up to \$10,000 of other eligible pension income* that is included in your federal adjusted gross income. The \$10,000 cap must be reduced by any social security and railroad retirement benefits received, whether taxable or not.

Deductible pension income, other than military retirement pay, includes state and federal pension benefits and retirement benefits received from plans established and maintained by an employer for the benefit of its employees under Internal Revenue Code (IRC) sections 401(a) (qualified pension plans, including qualified 401 SIMPLE plans), 401(k) (qualified cash or deferred arrangements) and 403 (employee annuities). Deductible pension income also includes benefits received from an individual retirement account under IRC section 408, Roth IRA accounts under IRC section 408(k), simplified employee pension plans under IRC section 408(k), simplified employee pension plans under IRC section 408(k), simplified employee pension 457(b) (state and local government/tax exempt organizations/eligible deferred compensation plans), **except** that pick-up contributions received from the Maine Public Employees

Retirement System ("MainePERS") allowed to be deducted on Form 1040ME, Schedule 1, line 2f and pension income from 457(b) plans received prior to age 55 that is not part of a series of equal periodic payments made over the life of the recipient and the recipient's designated beneficiary, if applicable, may <u>not</u> be included in the deductible pension amount.

Note that a conversion of benefits from one account to another does not qualify for the pension income deduction. For example, a deduction may not be taken when a taxpayer converts a traditional IRA to a Roth IRA. The taxpayer, in this case, does not receive a retirement or IRA benefit at the time of conversion.

Pension benefits that <u>do not qualify</u> are those received from an ineligible deferred compensation plan under IRC section 457(f), refunds of excess contributions, lump-sum distributions included on federal Form 4972 and distributions subject to the additional 10% federal tax on early distributions (*see* federal Form 5329, Part 1, or federal Form 1040, Schedule 4, line 59). Also, disability benefits reported as wages on your federal income tax return do not qualify.

*Eligible pension income does not include benefits earned by another person, **except** in the case of a surviving spouse. Only the individual who earned the benefit from prior employment may claim the pension income for the deduction. However, a widowed spouse receiving survivor's benefits under an eligible pension plan may claim that amount for purposes of this deduction, but the total pension deduction for the surviving spouse may not exceed \$10,000.

NOTE: Enter eligible non-military pension benefits on line 1 and eligible military retirement pay line 6.	Taxpayer	Spouse*

Enclose Schedule NR and Worksheets A and B (and Worksheet C, if used) with your Maine return, Form 1040ME. Include a COMPLETE copy of your federal tax return, including all schedules and worksheets. Enclose W-2 forms from other states and temporary duty (TDY) papers to support your entry in Box C.

Nonresident individuals, including individuals who were nonresidents for only part of the year and "Safe Harbor" resident individuals, who have Maine-source income may owe a Maine income tax. See page 3 of the individual income tax booklet for residency information. **MILITARY SERVICE MEMBER SPOUSE:** The income of a military spouse for the performance of services in Maine will not be treated as Maine-source income subject to Maine income taxation if the military spouse is not a resident or domiciliary of Maine, the military spouse is located in Maine solely to be with the service member, the service member is located in Maine in compliance with military orders, and the service member and the spouse have the same state of residency or domicile.

The Maine tax is determined by first calculating a tax amount as if the part-year resident, nonresident or "Safe Harbor" resident were a Maine resident for the entire year and then reducing that amount by a "nonresident credit." The Maine tax is calculated on the basis of the nonresident's or "Safe Harbor" resident's entire federal adjusted gross income and the Maine income modifications, itemized or standard deduction, personal exemption amount and credits. The nonresident credit is based on the amount of non-Maine source income. The nonresident credit is calculated on Schedule NR or Schedule NRH and entered on Form 1040ME, line 23. **NOTE:** Nonresident minimum taxability thresholds: A nonresident individual working in Maine as an employee is not required to pay a Maine tax or file a Maine return on income from personal services unless that individual works in Maine for more than 12 days and earns or derives income from all Maine sources totaling more than \$3,000. Up to 24 days performing certain personal services, such as training and site inspections, are not counted against the 12-day threshold. Also, generally, a nonresident individual present in Maine for business for no more than 12 days and earning no more than \$3,000 from business activity in Maine is not required to pay a Maine tax or file a Maine income tax return on that income. Compensation or income directly related to a declared state disaster or emergency is exempt from Maine tax if the taxpayer's only presence in Maine is for the sole purpose of providing disaster relief. For more information, see Maine Revenue Services Rule 806 and 36 M.R.S. §§ 5142(8-B) and 5220(2) available on the MRS website at www.maine.gov/revenue (select *Laws and Rules*).

INCOME SUBJECT TO MAINE INCOME TAX:

A part-year resident is subject to Maine income tax on all income received while a resident of Maine, plus any income derived from Maine sources during the period of nonresidence. A nonresident or "Safe Harbor" resident is subject to Maine income tax on taxable income derived from sources within Maine. For a description of Maine source income, see Maine Revenue Services Rule 806 available at www. maine.gov/revenue (select Laws and Rules) or the Instructional Pamphlets for Schedule NR or NRH at www.maine.gov/revenue (select forms).

SHOULD I FILE SCHEDULE NR OR SCHEDULE NRH?

You must file Schedule NR if you are a part-year resident, a nonresident or a "Safe Harbor" resident individual required to file a Maine return, have income not taxable to Maine, and are using the same filing status used on your federal return.

Instead of filing Schedule NR, you may elect to file single on the Maine return using Schedule NRH if your filing status on your federal return is married filing jointly and your residency status is different from that of your spouse or both you and your spouse are nonresidents of Maine or "Safe Harbor" residents, but only one of you has Maine-source income. The nonresident or "Safe Harbor" resident spouse with no Maine-source income does not have to file a Maine return. Do not use Schedule NRH if your filing status on your federal return is single, head-of-household, or married filing separately.

STEP 1 — If required, complete Worksheets A and B available at www.maine.gov/revenue/forms before completing Schedule NR.

STEP 2 — Complete Form 1040ME, lines 1 through 22.

Find the amount of Maine income tax as if you were a full-year Maine resident. To do this, complete Form 1040ME, lines 1 through 22. Use your total federal adjusted gross income on line 14.

STEP 3 — Complete Schedule NR to compute your Nonresident Credit.

Line 1. Enter your income from Worksheet B on line 1. List your total federal income in Box A. In Box B, list only your Mainesource income. List your non-Maine-source income in Box C.

Line 2. RATIO OF INCOME. Divide your total non-Maine-source income on line 1, Box C, by your total federal income on line 1, Box A. Except, if non-Maine-source income (line 1, Box C) is negative, enter 0.0000 or if line 1, Box C is positive and Maine-source income (line 1, Box B) is negative, enter 1.0000.

Line 3. FEDERAL INCOME ADJUSTMENTS — NON-MAINE-SOURCE ONLY. Complete this section only if you have federal income adjustments from non-Maine sources on federal Form 1040, Schedule 1, line 36. Enter the total federal income adjustments from non-Maine sources; otherwise, multiply your total federal income adjustments by the percentage listed on line 2 of Schedule NR.

Line 4. FEDERAL ADJUSTED GROSS INCOME - NON-MAINE-SOURCE ONLY. Subtract line 3 from line 1, Box C.

Line 5. MODIFICATIONS — NON-MAINE-SOURCE ONLY. Use this section only if you have income modifications entered on Form 1040ME, line 15. Enter your modifications to income from non-Maine sources.
